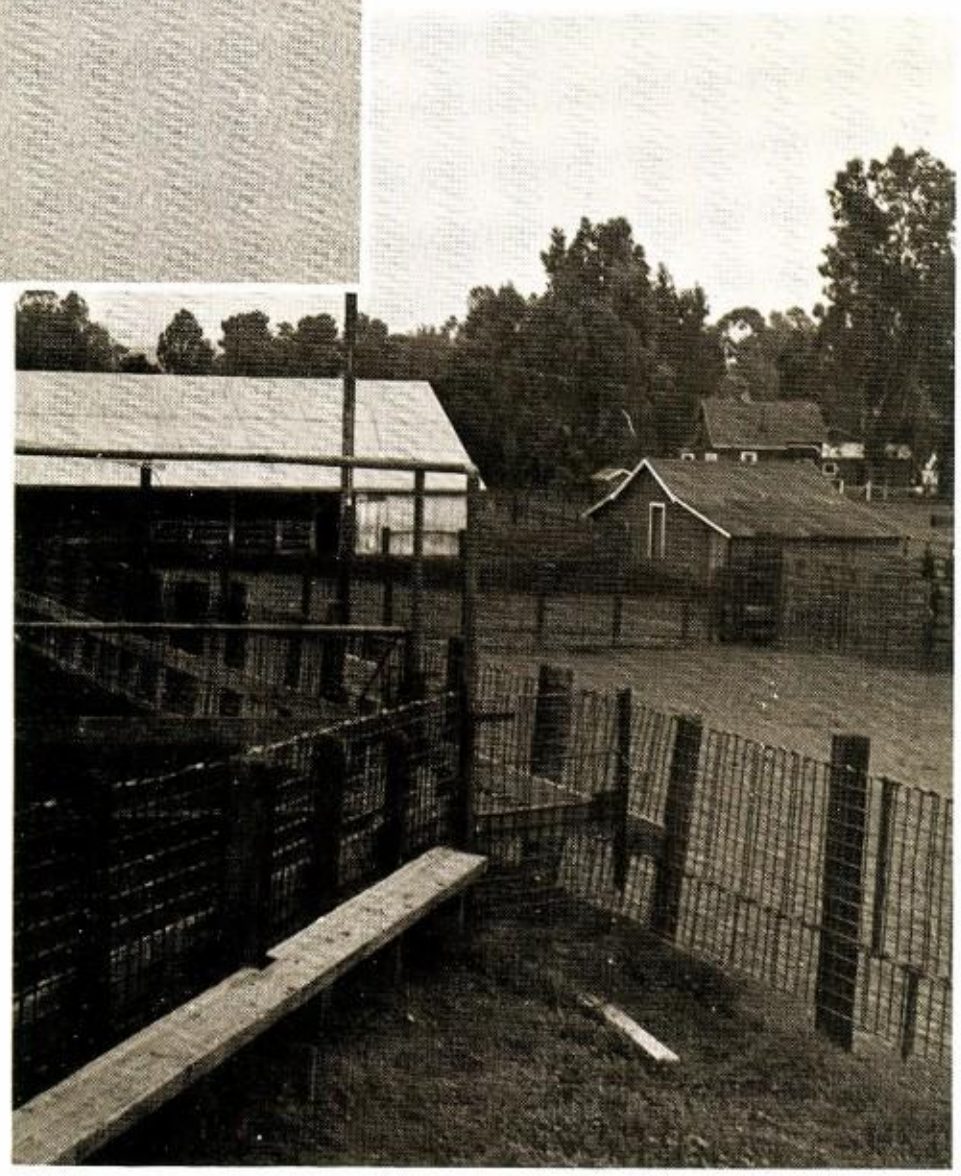
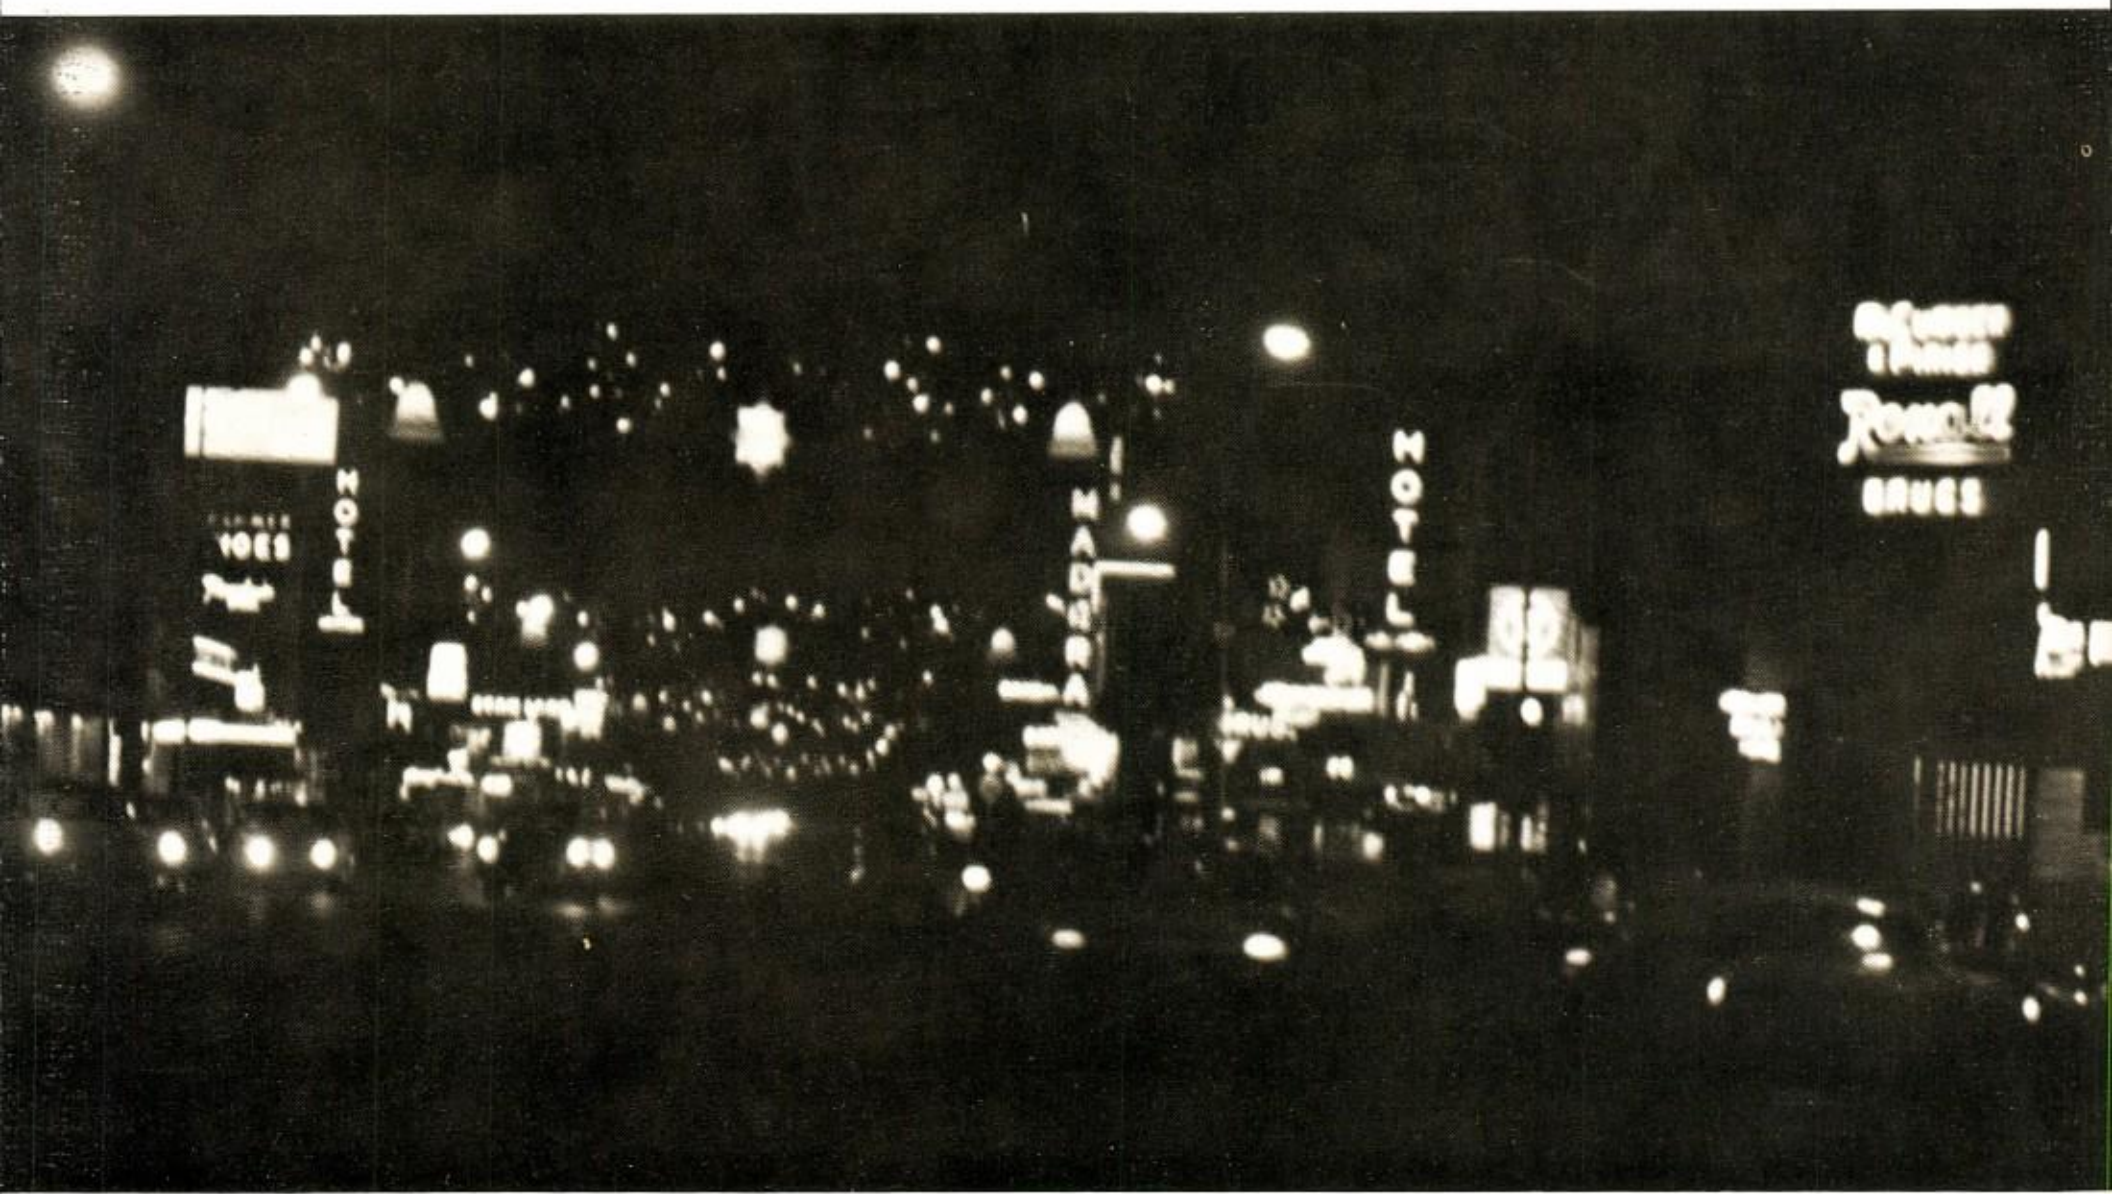
ERA CITY HALL

LITTLE TOWN

I like to live in a little town
where the trees meet across the street,
where you wave your hand and say: "Hello!"
to everyone you meet.
I like to stand for a moment
outside the grocery store
and listen to the friendly gossip of
the folks that live next door.
For life is interwoven
with the friends we learn to know
and we hear their joys and sorrows
as we daily come and go.
So I like to live in a little town,
I care no more to roam.
For every house in a little town
is more than a house, it's a home.





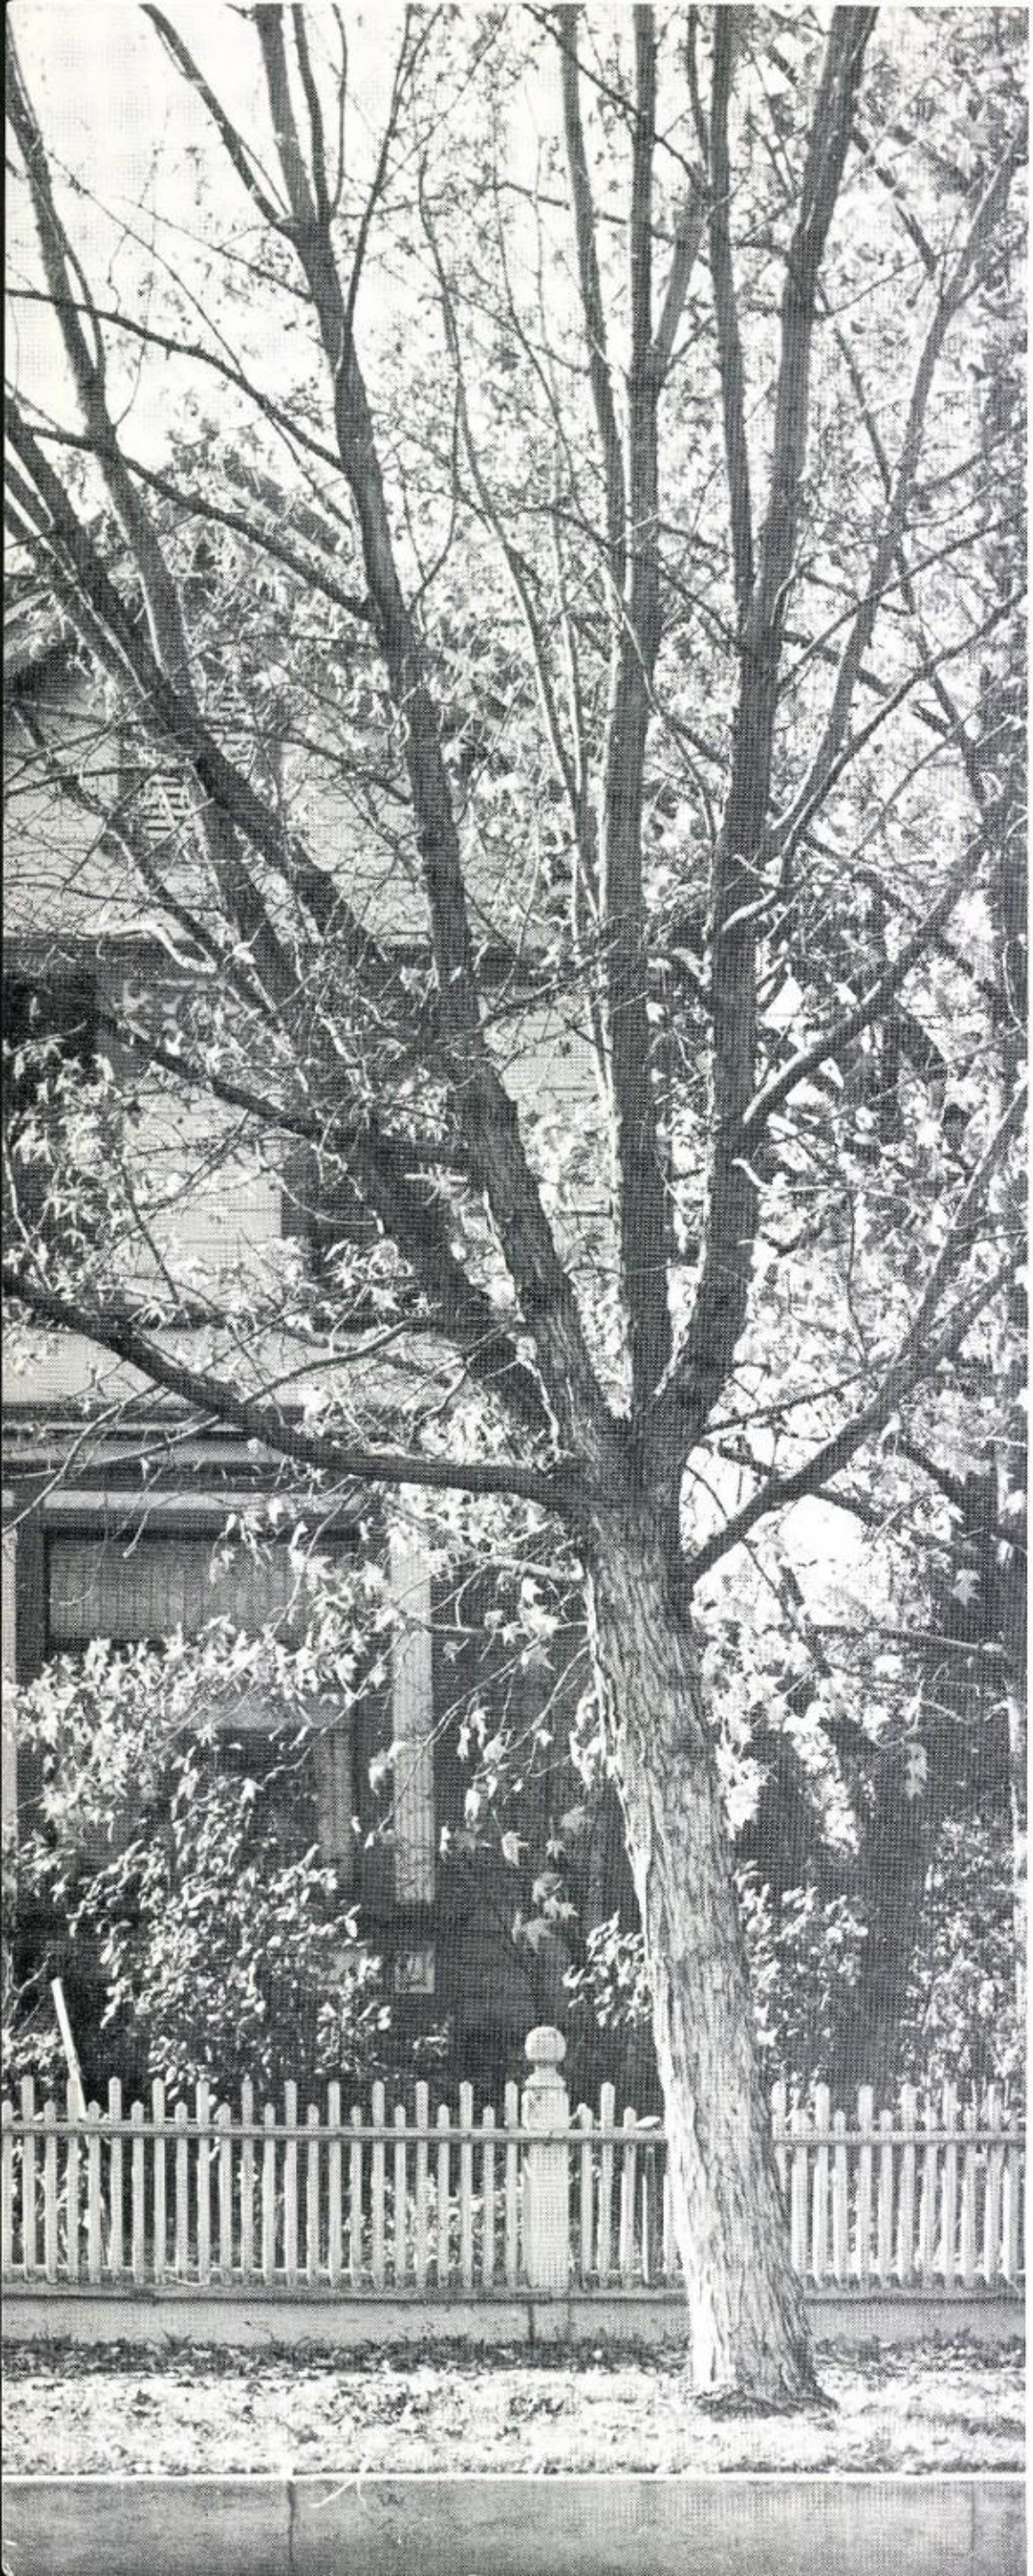
OUR TOWN

ANNUAL PUBLICATION OF

THE STUDENT BODY OF

MADERA UNION HIGH SCHOOL

MADERA, CALIFORNIA



FOREWORD

Every great book ever written, every great play ever produced, and every famous piece of art ever created is representative of its creator's appeal to the mass audience on the subject of people and their common problems. Whether a man lives in China, England, or South America, he has the same hopes and fears. Because we are people and share in this bond, we understand and feel compassion for our fellow world citizens.

In his Pulitzer Prize winning play, OUR TOWN, Thornton Wilder plucks a few people out of his mind, sets them in the middle of a bare stage, and presents a drama of every day life. Although these people live in a very small imaginary town in the United States, they are representative of the people in similar communities all over the world. From this small group we can project their actions and motivations to states, nations, and the whole earth.

Hoping to find a common ground for all those who will read this book, the staff has focused its efforts to produce a book which depicts the interests and activities of this community. Although we can do this only in a limited way, we do hope that the memories stored in these pages will be those which you will always enjoy reflecting upon as the years pass.

ADMINISTRATION

The administration and faculty of Madera Union High School have a most difficult and rewarding task. They must prepare the student for an active role in the community after graduation. Through instruction in academic subjects and physical training they undertake a responsibility which is of vast importance in any modern town.

Since the faculty members are in closer contact with the students, they perhaps are burdened with the greatest portion of the responsibility. They must teach the students to examine their experiences and attempt explanations for what happens, throwing out the faulty ones. They must arouse an interest in community affairs, and they must be willing to share their experiences.

In its relationship to the community, the administration must assume the responsibility of coordination. It must meet the questions of a growing community and see that the students under its direction receive the proper background for their future role.

SUPERINTENDENT

In front of me on my desk are the original minutes of the first meeting of the Madera Union High School Board of Trustees, dated July 11, 1903. It was on this date that "our high school" was officially and legally brought into existence. The first course of study adopted was a commercial course, and the first classes were conducted in the basement of the courthouse. The first school building was constructed for approximately thirty thousand dollars with the provision that "Raymond granite be used in the construction whenever called for."

Now, sixty years later, "our high school" spreads over a fifty-acre campus, and houses almost twenty-one hundred students in seventy classrooms. The total school plant is valued at upwards of four million dollars and is almost completely paid for. High school education in "our town" is a big business—an important business—a vital business.

COUNSELORS

Mr. Piperato helps a student with his future plans.

The counselors at Madera Union High School play an important role in the life of each student. It is their duty to assist the student in their future plans. The student may come to their counselor and discuss any problems concerning classes or teachers.

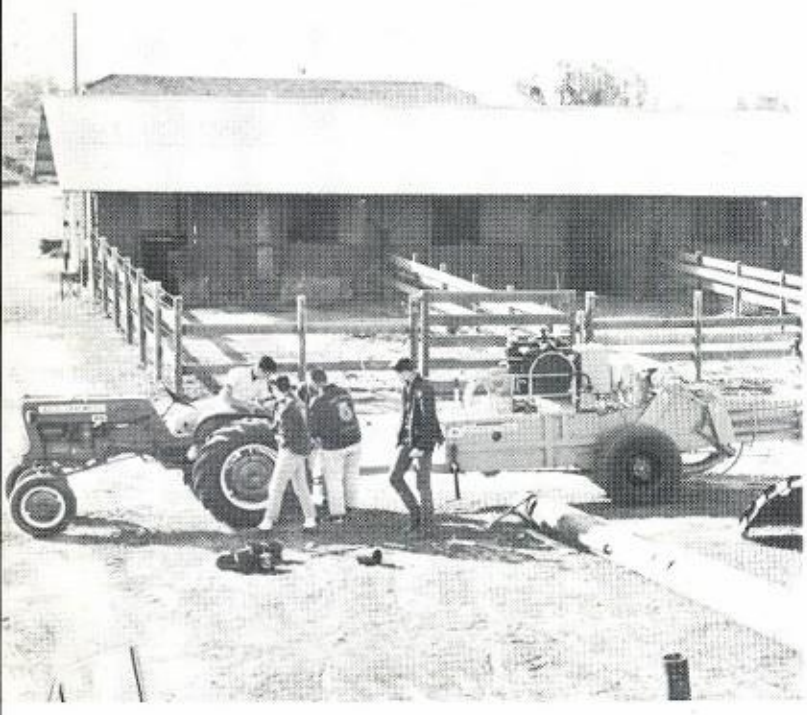
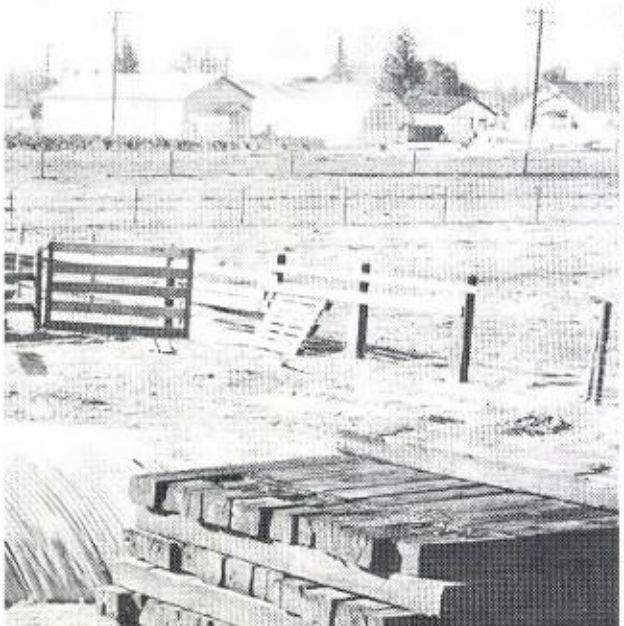
AGRICULTURE

Modern agriculture is growing as well as changing. The great field of agriculture, with its farming and off-farm specialized jobs, offers almost unlimited career opportunities for alert, adequately trained young men today.

Vocational Agriculture at Madera Union High School is a program of systematic instruction in agriculture and farm mechanics for those students who have entered or who are preparing to enter the industry of agriculture. The purpose of Vocational Agriculture is to: Help boys get established in farming, train boys for careers in some phase of agriculture or agribusiness, educate boys for advancement in professional agricultural occupations by preparing students for colleges and universities.

The objectives of instruction in Vocational Agriculture are to develop the understanding, skills, abilities, and attitudes needed to progress in the field of agriculture.





APPLIED ARTS

The Home Economics Department is an important one at MUHS as there are 22 classes held with 522 girls enrolled. A general homemaking course is offered in the freshman year after which the girl may specialize in Clothing or Foods or both. Home Economics is an excellent course for every young girl as the training helps her to be a better family member now and later in life.

The Industrial Arts Department serves as an introduction to several fields in which a boy may become interested career-wise. The courses offered are: Auto Mechanics I, II, III; Mechanical Drawing I and II; Basic Electricity; Electronics; General Metal, and Wood Working I and II.

BUSINESS

Business Education is designed to assist students to develop skills adequate for full-time employment, part-time employment and personal use. Courses are available to students to prepare themselves to be general office clerks, file clerks, receptionists, typists, stenographers, secretaries, salesmen, and bookkeepers.

A business education provides a business background for every adult—the family man, the businessman, the housewife, the social and civic-organization member—wherever finances or economics are involved. To as great a degree as possible, the different courses in business education are geared for pre-training for automation requisites.

Different courses are offered as the need arises, and each course is periodically evaluated and adjusted to meet the ever changing techniques in our business world.

ENGLISH

With varying degrees of eagerness, all freshmen, all sophomores, all juniors, and most seniors at MUHS enroll in English Department classes. There, the common goal of effective communication is pursued through reading, writing, and speaking. Obstacles met and surmounted daily in English classes cover a full range: from Hamlet to the comma, from Dickens to adjective clauses, from debate to book reports.

Success is often difficult to measure. Members of the department agree, however, that the production of this outstanding annual is an indication that MUHS students have, indeed, learned to communicate.

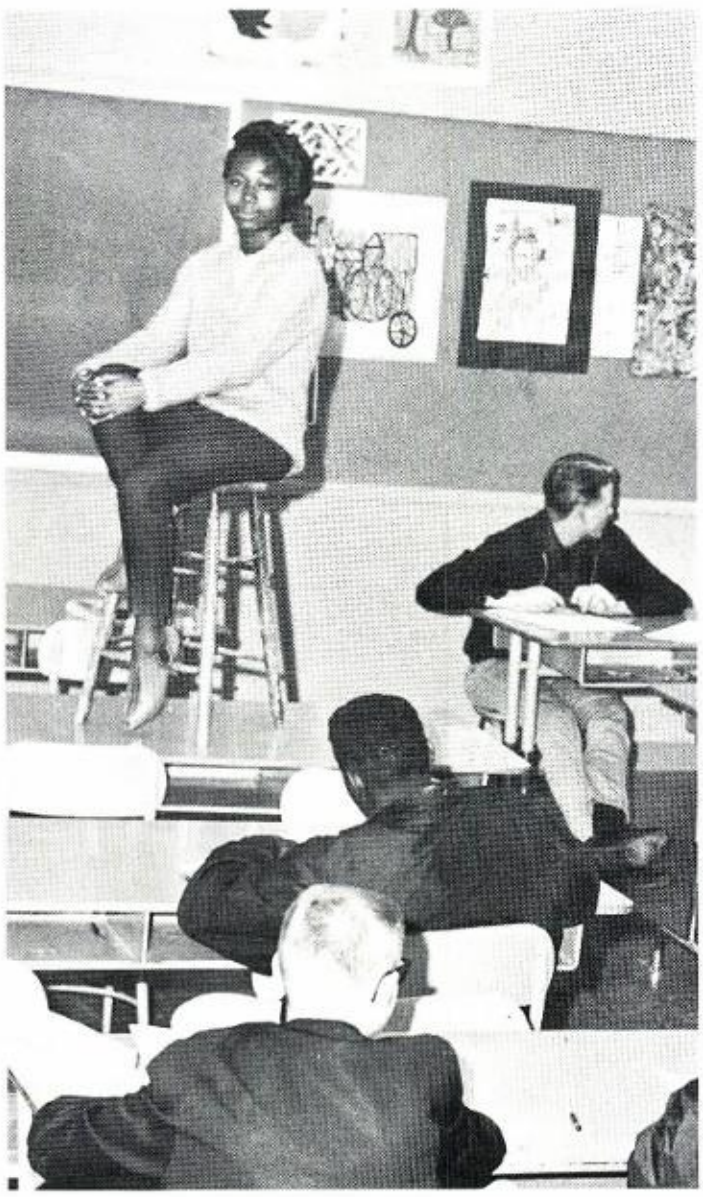
FINE ARTS

Art is: to use red, blue, yellow, dark, light, volumes, shapes, straight lines, curves; with surfaces smooth, rough, shiny, dull, hot, cold, hard, soft, brittle, firm, strong, weak, sandy, buttery, sharp, silky; working clay, paper, cloth, leather, metal, wood, cement, plaster, plastic, glue, paint, glass, stone, plants; with your hands, your heart, your head, pencil, pen, ruler, scissors, pliers, knives, hammer, saw, brush, sandpaper, file; by printing, carving, painting, constructing, scoring, building, drawing, scratching, pulling, pressing, rubbing, pasting, welding, molding.

The music department has received many awards, and much acclaim for their participation throughout California. They have a Stardust Review each year so everybody may view the accomplishments of this department of only two teachers.

Almost everybody who has heard the results of MUHS's Music Department knows that it is the best in the valley. It offers chorale opportunities, harmony, piano, and many stages of instrumental learning.



FOREIGN LANGUAGE

The Language Department at MUHS offers four languages. Spanish, German, French, and Latin.

This year MUHS installed a modern language laboratory with the help of matching funds from the federal government under the National Defense Education Act.

The lab has 36 student booths, equipped with headphones and microphones for listening and repeating what one hears from the master tape. The student's voice is amplified with the microphone so that he can hear himself.

Four of the booths have tape recorders for listening, repeating, recording and comparing speech with the master tape.

The console, operated by the instructor, has two tape players, one phonograph and outlets for two more taped sources so that five programmed lessons can be provided at one time.

From the console the instructor can listen and communicate with individual students and correct them, or the instructor may instruct a certain group of students.

A total of 935 students are taking foreign languages.

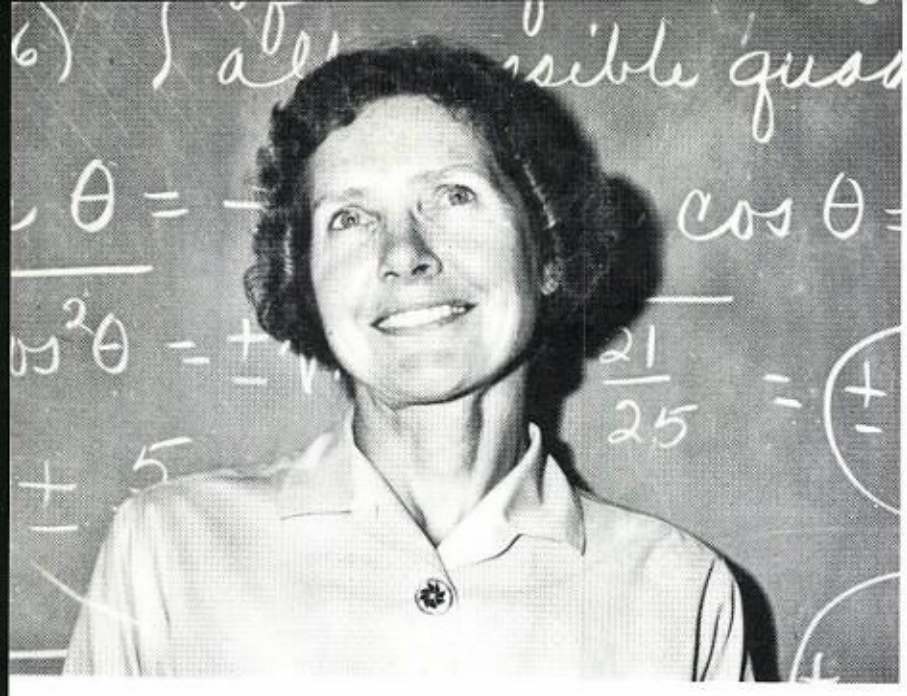
MATHEMATICS



Miss Fuller

The Math program encompasses the "modern" method of approach which is understanding as well as using rules.

The School Math Study Group using SMSG material is in its 3rd year here. In this intensified course the students take Trigonometry in the Junior year and Space with Plane Geometry.

The regular Math courses offered:

9th grade: Algebra; General Math: Introduction to Algebra.
10th grade: Geometry.
11th grade: Algebra II; Intermediate Math.
12th grade: Solid Trigonometry; Advanced Math.

PHYSICAL EDUCATION

Activities in physical education at Madera Union High School have been selected to meet the needs and interests of the students during their four years of high school.

Experiences in physical education help the student to develop in many ways. By being a member of a team or of a dance class he or she learns to become socially accepted in a group.

By participating in swimming, golf, bowling, tennis, badminton, and archery a girl has the opportunity to learn an activity which she will find suitable for leisure time and which she can enjoy in the home or community now and later.

The boys' physical education department offers a wide variety of activities that boys could use now and a wide selection of carry over activities such as bowling, golf, tennis, social dancing, badminton, swimming, and archery.

Since physical health is so important, it is hoped that the students will learn to develop and maintain the highest possible level of fitness and physical efficiency for meeting the demands in the busy world of today.

SCIENCE

Since the coming of the atom bomb, science has gained an important place in every school curriculum. Madera Union High School has a well-rounded science program. An interested student could take a science course each year. In his freshman year, a person may take a course in general science which is a basic study of phenomena. A sophomore may take biology in which he studies about plant life and animal life. In his junior year, he may take chemistry in which you learn about the chemical composition of elements. When he is a senior, he may take advanced biology or physics which goes further into their respective fields.

SOCIAL SCIENCE

The Social Science Division aims to prepare students for better citizenship and to offer a broad education for meeting present-day problems. The program offered is a well-rounded one containing World History, History of the Far East, U. S. History, and Civics. These courses prepare students to be enlightened citizens equipped with the broad cultural background essential to further studies in the fields of education, philosophy, government, law, journalism and business; all of which today demand a greater grasp of vital domestic and foreign problems.

GUYS & GALS

Tomorrow's community leaders are today passing through the halls of our school. They are learning the skills which will aid them as they pick up the burden of civic responsibility which is waiting. The students on the following pages have spent one to four years preparing for this responsibility.

The seniors will be the first to assume a place in community leadership. After three years of preparation they have become the leaders of the student body and must begin a final period of training. They must acknowledge their weaknesses and their strengths and look towards the community as their new frontier.

Although the underclassmen have not gained the experience of the upperclassmen, they must realize that they are the leaders of next year and the following years. They must prepare to assume the responsibility for school affairs and continue to improve and mature. Just as the seniors have completed twelve years of preparation for civic leadership, the underclassmen have had training for senior leadership.

SOCIAL BUTTERFLIES

Although the major portion of high school education is gained in the classroom, the social contact the student experiences is very important. Only in meeting with and learning from others can he realize his part in community life.

Whether it is on a dance floor or in a student legislature meeting, the learning process continues. The skill acquired here will carry the student through many activities in the community of the future. The student leading the student body of a school today may well be expected to be a leader in the community of tomorrow.

The activities at Madera Union High School vary. They provide entertainment, encourage school spirit, run student government, and promote constructive efforts. These activities provide students with mutual interests with opportunities to associate with each other and develop their abilities.

FROSH SOPH RECEPTION

The sophomore class holds a dance every year for the freshmen. This dance is held in order to have these two classes become better acquainted. A queen is chosen on the basis of how many tickets she has sold. Sally Quintos was Frosh-Soph Reception Queen with Karen Sloan and Linda Duke as runners-up.

Karen Long does the "Bossa Nova."

FROSH ASSEMBLY

Every year the freshman class puts on an Assembly to show off their talent. This years was no exception. It was found that this freshman class has a lot of talent. Just wait until they are seniors. There were dancers, singers, musicians, and also a band.

CHRISTMAS BALL

Couples in formal dress swayed to the music of The Statesmen as the annual Christmas formal, "Sleighland Splendor," whirled its way along. The event, held Saturday, December 21, 1963, in the Girls' Gym from 8:30 P.M. to 11:30 P.M., was one of the most enjoyable Christmas Balls.

Iris Horizon sponsored the dance. Committee chairmen were Carol Frede and Sheryl Howe, centerpiece; Janet Massetti, entrance; Anne Machock and Jan Yocum, ceiling; Carole Taddei, refreshments; Susan Bondeson, pictures; Nella Ferretti, walls; Kim Waldren and Pat Werner, bids; Jeanette Beavers and Sharolyn Babcock, publicity; Stevie Piper, band; Cindy Thompson, tables; and Louise Holcomb and Barbara Haire, bandstand.

The tables were made into packages tied with pink bows and adorned with mistletoe and individual sleighs. A huge sleigh and a beautiful Christmas tree added their splendor to the scene. Christmas trees decorated the walls.

Holly instructs the cast.

SENIOR PLAY "PEACE CORPS GIRLS"

The 1964 senior play presentation was entitled, "Peace Corps Girls." Mr. John Burke was the faculty advisor, and Holly Hammerberg was the student director.

A three act comedy, the play involved a small group of people who migrated from Philadelphia to San Isdro, Philippines, in order to work in the Peace Corps. Don Anderson, who portrayed Linc Macrae, and Margret Goss, who played opposite him, found themselves at odds to start, but Cupid visits even the Philippines. All the characters added color and wit to make it a great senior play.

HOMECOMING

Homecoming week at MUHS was fun-filled. The biggest part of the week was the Senior Horizon Slave Sale. The big downtown rally with all the decorated cars was held on main street. The winners of the car competition were first, Tim Peterson; second, YAC, and third, Steve Parker. The highlight of the week was the announcement of the Homecoming Queen during halftime. She was Mary Lou King. Her Princesses were Penny Simonian, Anne Machock, and Sunny Stewart. The finale for the week was the Homecoming Dance held in the boy's gym.

JR. - SR. PROM

On May 11, 1963, girls in bouffant dresses vied with lavender seahorses and colored fish at the Junior-Senior Prom entitled "Underwater Paradise." The crowning event of the evening was the announcement of Barbara MacDonald as the Prom Queen.

The theme was carried out in the decorations. A giant pink oyster complete with iridescent pearl centered the floor, and the walls were covered with underwater scenes. Tiny pink and blue replicas of treasure chests full of angel hair and gold coins centered the tables. Pastel, glittered mobiles of sea animals hung from the huge fish net ceiling.

The Statesmen provided the music for the evening. The platform on which the musicians were seated had a large pink castle against a blue background behind it. White treasure chests, overflowing with gold and silver jewels, were placed at different points around the bandstand.

David Anderson introduces Mary Lou King and Doc Emmert as they enter.

DANCE BAND

Madera High's dance band is well known throughout the valley as one of the best. During the spring the band travels almost every weekend to play for proms at other schools, besides presenting "The Stardust Revue" in our own gym and at the Los Banos and Chowchilla Fairs. Bossa Nova or Blues—The Stardusters make the music move.

PEP BAND

There was always a reserved seat at home basketball games for a member of this spirited and enthusiastic group. Visitors and local people enjoyed the fight songs and modern pop songs that filled the gym during a break in the game or at halftime. A home basketball game certainly wouldn't have been as enjoyable without this musical group of supporters.

Many members of the pep band also play in the dance band.

FALL STUDENT COUNCIL

Terry Daggett and his council got the fall semester student government started in fine ways. They did much to improve assemblies and the school in general. Terry, Jan, and Miss Dominici represented MUHS well at the NYL meetings.

Under the guidance of Miss Dominici and administration, the Student Council of this semester achieved much.

FRONT ROW: Micky Martin, Commissioner of Publicity; Shirley Noble, Commissioner of School Spirit; Karen Isakson, Commissioner of Awards; Sunny Stewart, Commissioner of Finance; Miss Dominici, Advisor; Debbie Tanaka, Student Body Clerk; Malcolm Gatz, Commissioner of Club Activities; Jan Yocum, NYL Secretary. BACK ROW: Mark Tanaka, Student Body President; Doug Robertson, Student Body Vice President; Millard Henderson, Sophomore Class President; John Kocoris, Freshman Class President. Not pictured: Jim Buckley and Alex Saragoza, Senior and Junior Class Presidents.

SPRING STUDENT COUNCIL

The Spring Student Council kept things rolling from last semester. Mark Tanaka and his council concentrated on Student Legislature and its improvement. Doug Robertson did an outstanding job in his Student Legislature meetings. Also, this council had a project of a mosaic design in the form of a coyote head.

This council had over 50% of the student body vote in their election which was a school record. Miss Dominici did a wonderful job advising this group, and deserves much praise for untiring faithfulness to her job.

BANK OF AMERICA AWARDS

Every year the Bank of America gives a series of awards for achievement in specific fields. Our four contestants in the fields of Fine Arts, Liberal Arts, Math and Science, and Vocational Arts each placed in the zonal competition. Mike Denney, competing in the field of Fine Arts, went to the divisional contest.

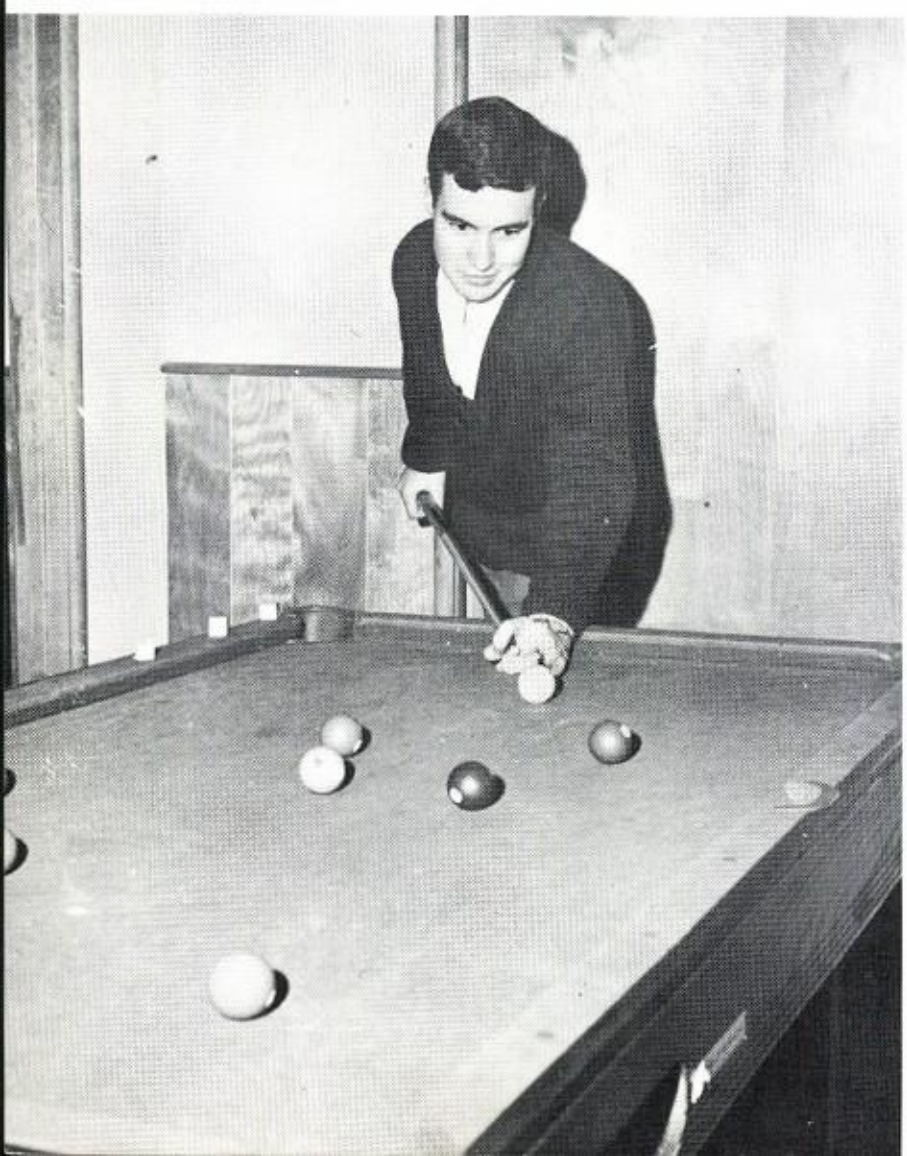
FOREIGN STUDENT

Frank is in his Madera home with his Madera family, the "Tom Robertsons." STANDING, left to right: Frank and his "Dad," Mr. Robertson. SITTING, left to right: His two brothers and "Mom," Mike and Doug.



Francisco Roche Navarro, better known to everybody as Frank, is attending MUHS on a scholarship from the American Field Service which sends nearly 3,000 students from various foreign countries to the United States. His home is in Granada, Spain. Frank enjoys bull fighting, soccer, dancing, flirting, billiards, and serenading. He says that American girls *talk* too much! While staying with the Robertson family, Frank has visited San Francisco, Los Angeles, Hollywood, and Disneyland.

THE MADERAN

Advisor
Miss Mabel Kloster

The Maderan is the student's only source of Madera High news. Printed bi-weekly, it features news on student government, social activities, scholastic achievements, and sports. Small humor features add to the general interest of the paper.

As the main link between the high school and the community, the Maderan serves a second purpose. Businessmen who are interested in our success as students support the paper financially through advertising. Our parents read with interest about the institution at which their son or daughter spends two-thirds of his time.

BLUE AND WHITE

The yearbook is the only publication our student body produces during the school year. It takes many hours of collective effort to make such a book. The work starts in mid-summer when the staff begins to sell advertisements and ends only when the last page is sent to the publishing company. We hope that as you thumb through these pages you will appreciate these efforts.

ATOMS

The Associated Teachers of Madera Students is a club for high school students interested in the teaching profession. Our organization has state-wide affiliations with other future teacher clubs.

Members of ATOMS are selected by the advisors, Miss Patton and Mr. Shriner, with the assistance of the class counselors. Applicants must show some interest or curiosity about teaching. All members are seniors.

ATOM'S big project for the year is the observation-teaching which takes place in the city grammar schools. After a briefing session, members are allowed to actually teach a class.

This year ATOMS had Mr. Norman Gould, who is the Superintendent of the Madera County Schools, speak to them about the new teacher credentials and the role of teachers in the future.

ATOMS OBSERVATION TEACHING: Future teacher, Jan Yocum instructs a group of eager first graders.

Matilda Verdu, ATOMS president, and Delores Mirande meet with Jack Netherton, principal of James Madison grammar school, to discuss observation teaching.

A few of the student teachers were: J. Yocum, M. Verdu, B. Haire, D. Jones, and D. Mirande.

FIRE SQUAD

A limited number of boys are selected to act as fire wardens during monthly fire drills. They are in charge of policing assembly areas and using the school's fire equipment. In the event of an actual fire, they would perform these duties. Mr. Grover is fire squad advisor.

RALLY CLUB

This organization was formed to create school spirit; it carries out certain functions such as: noon rallies, keeping the white section "white," painting the coyote head insignia for the openings of the varsity game, and decorating for football games.

The Student Body President, the Pep girls, the Cheerleaders, and various selected students have been added to this club to give it more prestige.

Shirley Noble is the Commissioner of School Spirit and has done an excellent job. The club has been guided under the auspices of Mr. Lowry.

OFFICERS: Bob Peregoy, Doc Emmert, Mike Arnold, and Gene Dupreau.

SKI CLUB

Ski Club is a club for those who ski or who are interested in learning how to ski. Dues are $1.00.

Periodically the ski club members pool their resources and go to Badger Pass.

The Ski Club, with about 140 members, is the second largest club at Madera Union High School.

The Madera Future Farmers had an outstanding year while showing at five fairs.

Livestock entries earned 110 first places, 30 second places, and 10 third place ribbons; crops entries earned 50 firsts, 25 seconds, 15 thirds; Ag Mechanics entries, 100 firsts, 30 seconds, and 20 thirds.

The sweepstakes, in Ag Mechanics was won by the Madera Chapter this year, an award which is sought by the seventeen schools participating at the Fresno Fair.

For the first time in history, Cotton Sweepstakes was won by the Madera Future Farmers. Marcello Monticelli was declared sweepstakes winner in crops at the Madera Fair and the Fresno Fair. The Future Farmer Feature Exhibit won first place at every fair that it was shown.

Participating in the Chapter Public Speaking Contest were D. Okano, D. McKinney, V. Sahatdjian, J. Camarillo (Chapter winner), J. Carrell, J. Brooks, and D. Weins.

All boys joining the Future Farmer organization have four degrees which they can achieve. A freshman works very diligently to accomplish all the goals set up in order to become a Greenhand. The Chapter Farmer Degree is the award which challenges the sophomores. In order to become a Chapter Farmer, the member must have earned or invested fifty dollars in his project.

The State Farmer Degree is the highest degree which can be given to a Future Farmer at the State Convention. Here the requirements are a bit more involved. At least five hundred dollars must be earned from the applicant's project in order to qualify.

These boys applied for the State Farmer Degree: Left to right: T. Peterson, S. Gist, R. Leach, D. Giomi. STANDING: E. Plumb, D. Smith, P. Albonico. Not pictured: S. Weldon.

Upper right hand corner: When the administration decided that schools should be postponed in order to help with the grape harvest, Future Farmer President Doug Sordi and Carol Frede did just that! Many aching bones later they had earned $50.00 apiece.

Upper left hand corner: Future Farmers are proud of the members who participated in school athletics. This year they can really boast because four out of five awards given at the end of the football season went to Future Farmers. Ron Cappelluti, not a Future Farmer was Captain: Doc Emmert, Most Valuable Player and Most Inspirational Player: Jerry Houlding, Sportsmanship Award: Larry Price, Most Improved: and Bill Tate, Most Dependable. The accomplishments of Bill Tate and Doug Sordi in wrestling were also outstanding.

The finalists for FFA Queen are Pam Cook, Marigene Ferretti, Nella Ferretti, and Layne Kilcrease.

The coronation of Queen Nella by last year's Queen Judy Ford as others look on.

Nella Ferretti will reign as Chapter Sweetheart for the Madera Chapter of Future Farmers during the remainder of this year and until next year's Barn Dance. The vote of 170 Future Farmers determined that she was their unanimous choice to serve as their Chapter Sweetheart.

A beautiful bunch of grapes set off this year's Barn Dance theme, "Grape Country." Dancing was enjoyed by one of the largest crowds ever, to the music of Jay and the Deltas. Harry Diebert was over-all chairman.

The mighty seniors won the Future Farmers class competition in flag football. Intramural sports such as football, volleyball, and softball are held every year.

G.A.A.

The object of the Girls' Athletic Association is to promote sportsmanship among girls. This organization, unlike Girls' League, is non-compulsory. However, any girl may join by paying the nominal 25 cents dues.

Participants in GAA are eligible to take part in the GAA noon activities which include aerial darts, volleyball, tennis, and archery. GAA also sponsors intramural play days and on November 16 the Madera chapter hosted a valley wide conference. This conference included participants from about 70 other valley GAA clubs.

B.A.A.

The Boys' Athletic Association was established to encourage intramural athletic activity during the noon hour. The motto of BAA is "Be a participant, not a spectator." Any boy may join this organization and may participate in the many athletic activities during the noon hour such as basketball, softball, football, handball, volleyball, tennis, and others.

The association sponsors the annual "Turkey Bowl" which is a football game between the BAA champs and the teachers of MUHS. They also sponsor the Wrestling show in which mostly novice wrestlers perform.

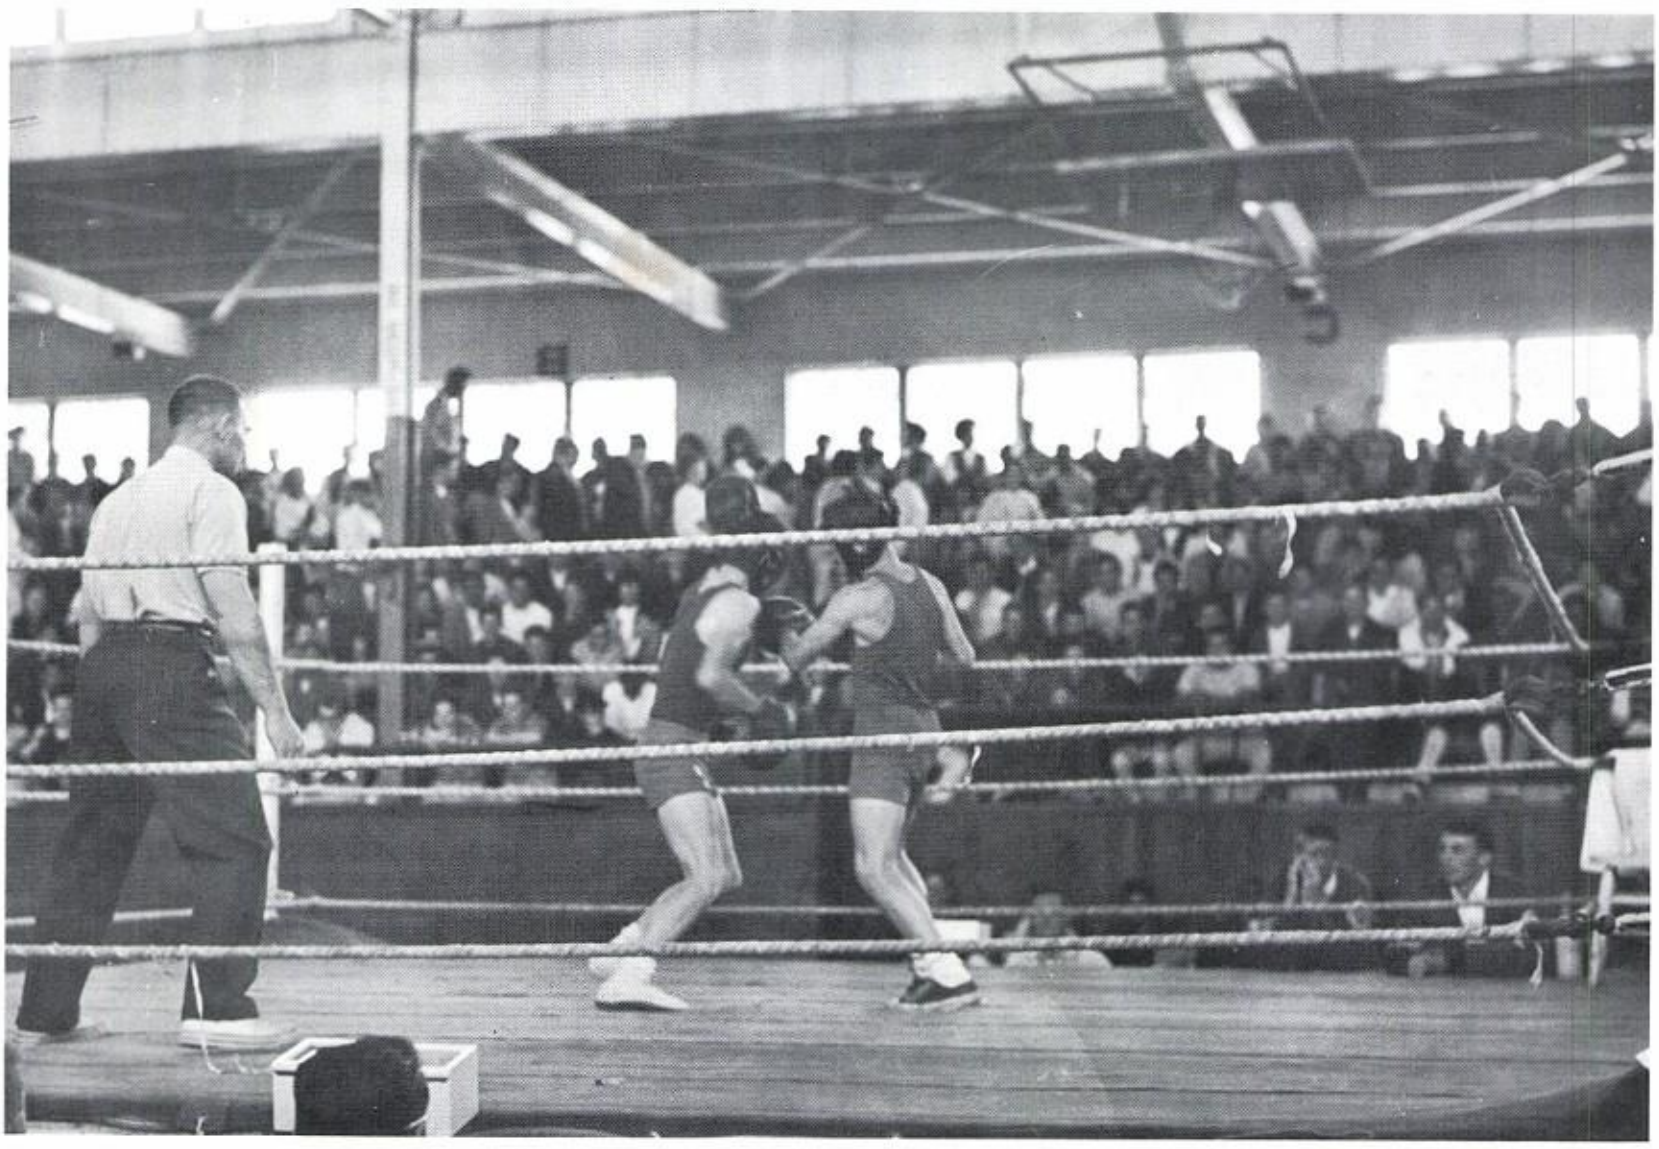
BLOCK "M" SOCIETY

The Block "M" Society is a social club for varsity athletes. It encourages athletics and attempts to broaden the social participation of its members.

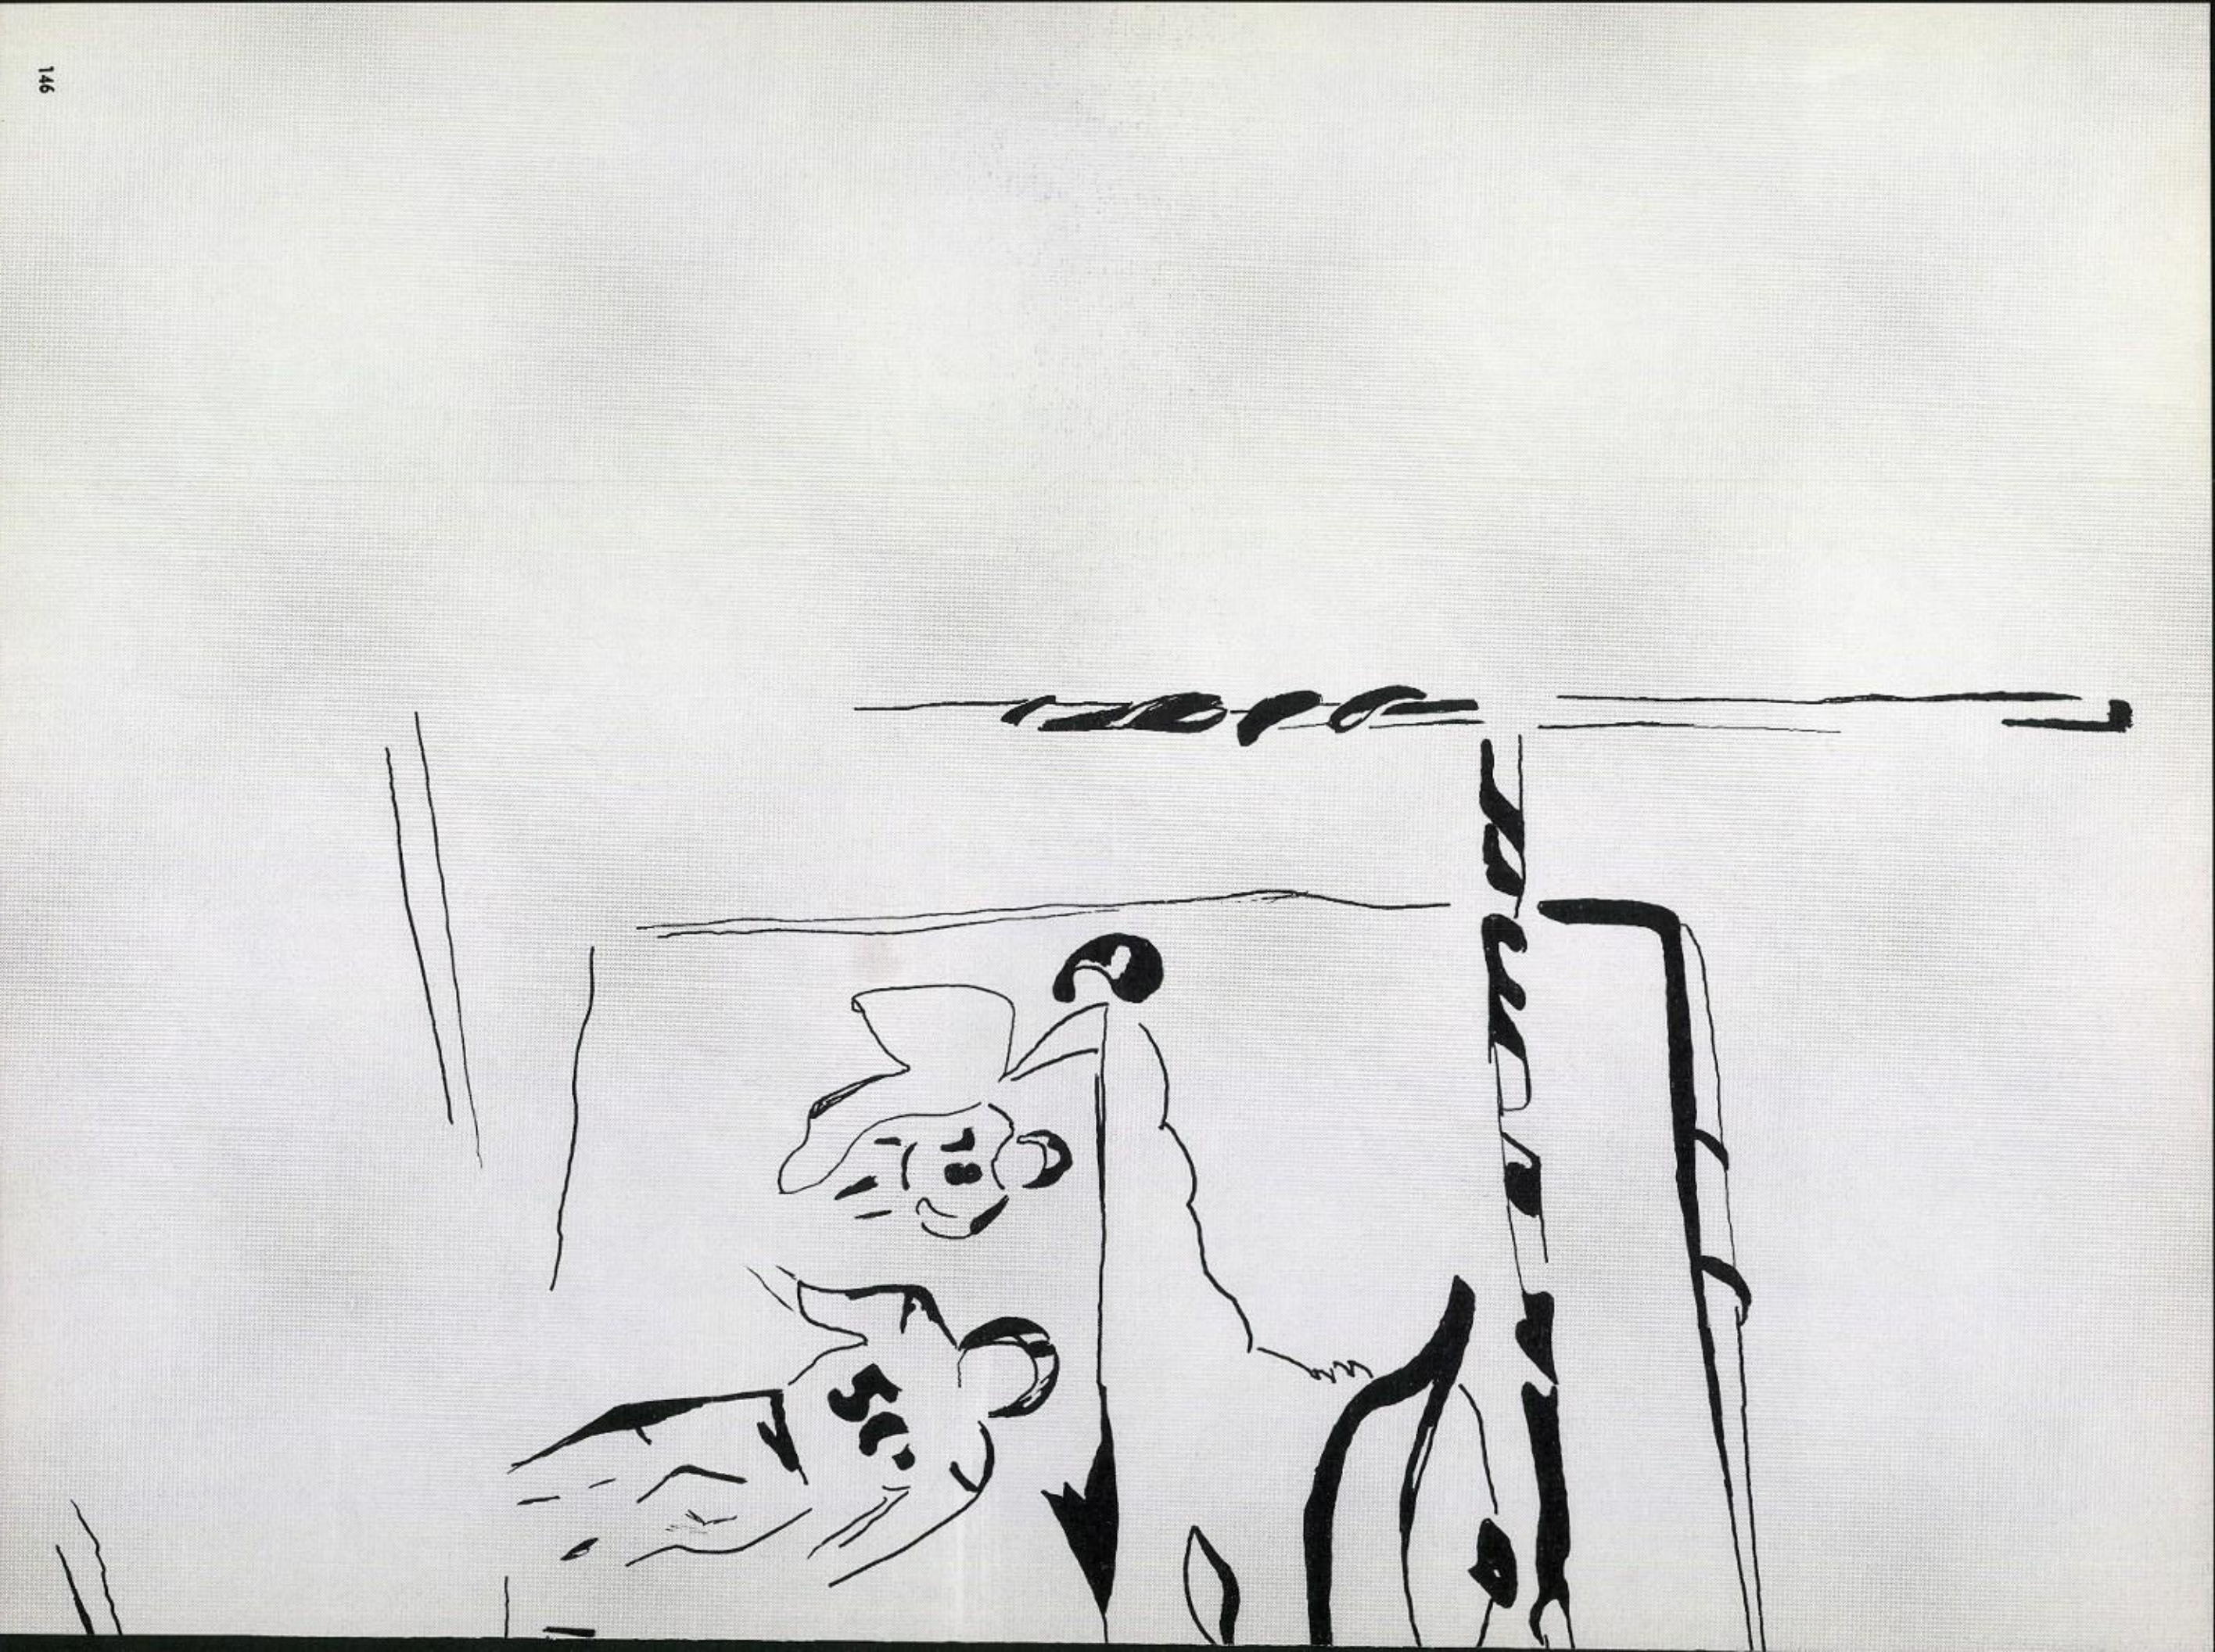
A prospective member must fulfill the basic requirement of membership which is that he must have earned a varsity letter in football, basketball, wrestling, baseball, track, swimming, golf, or tennis.

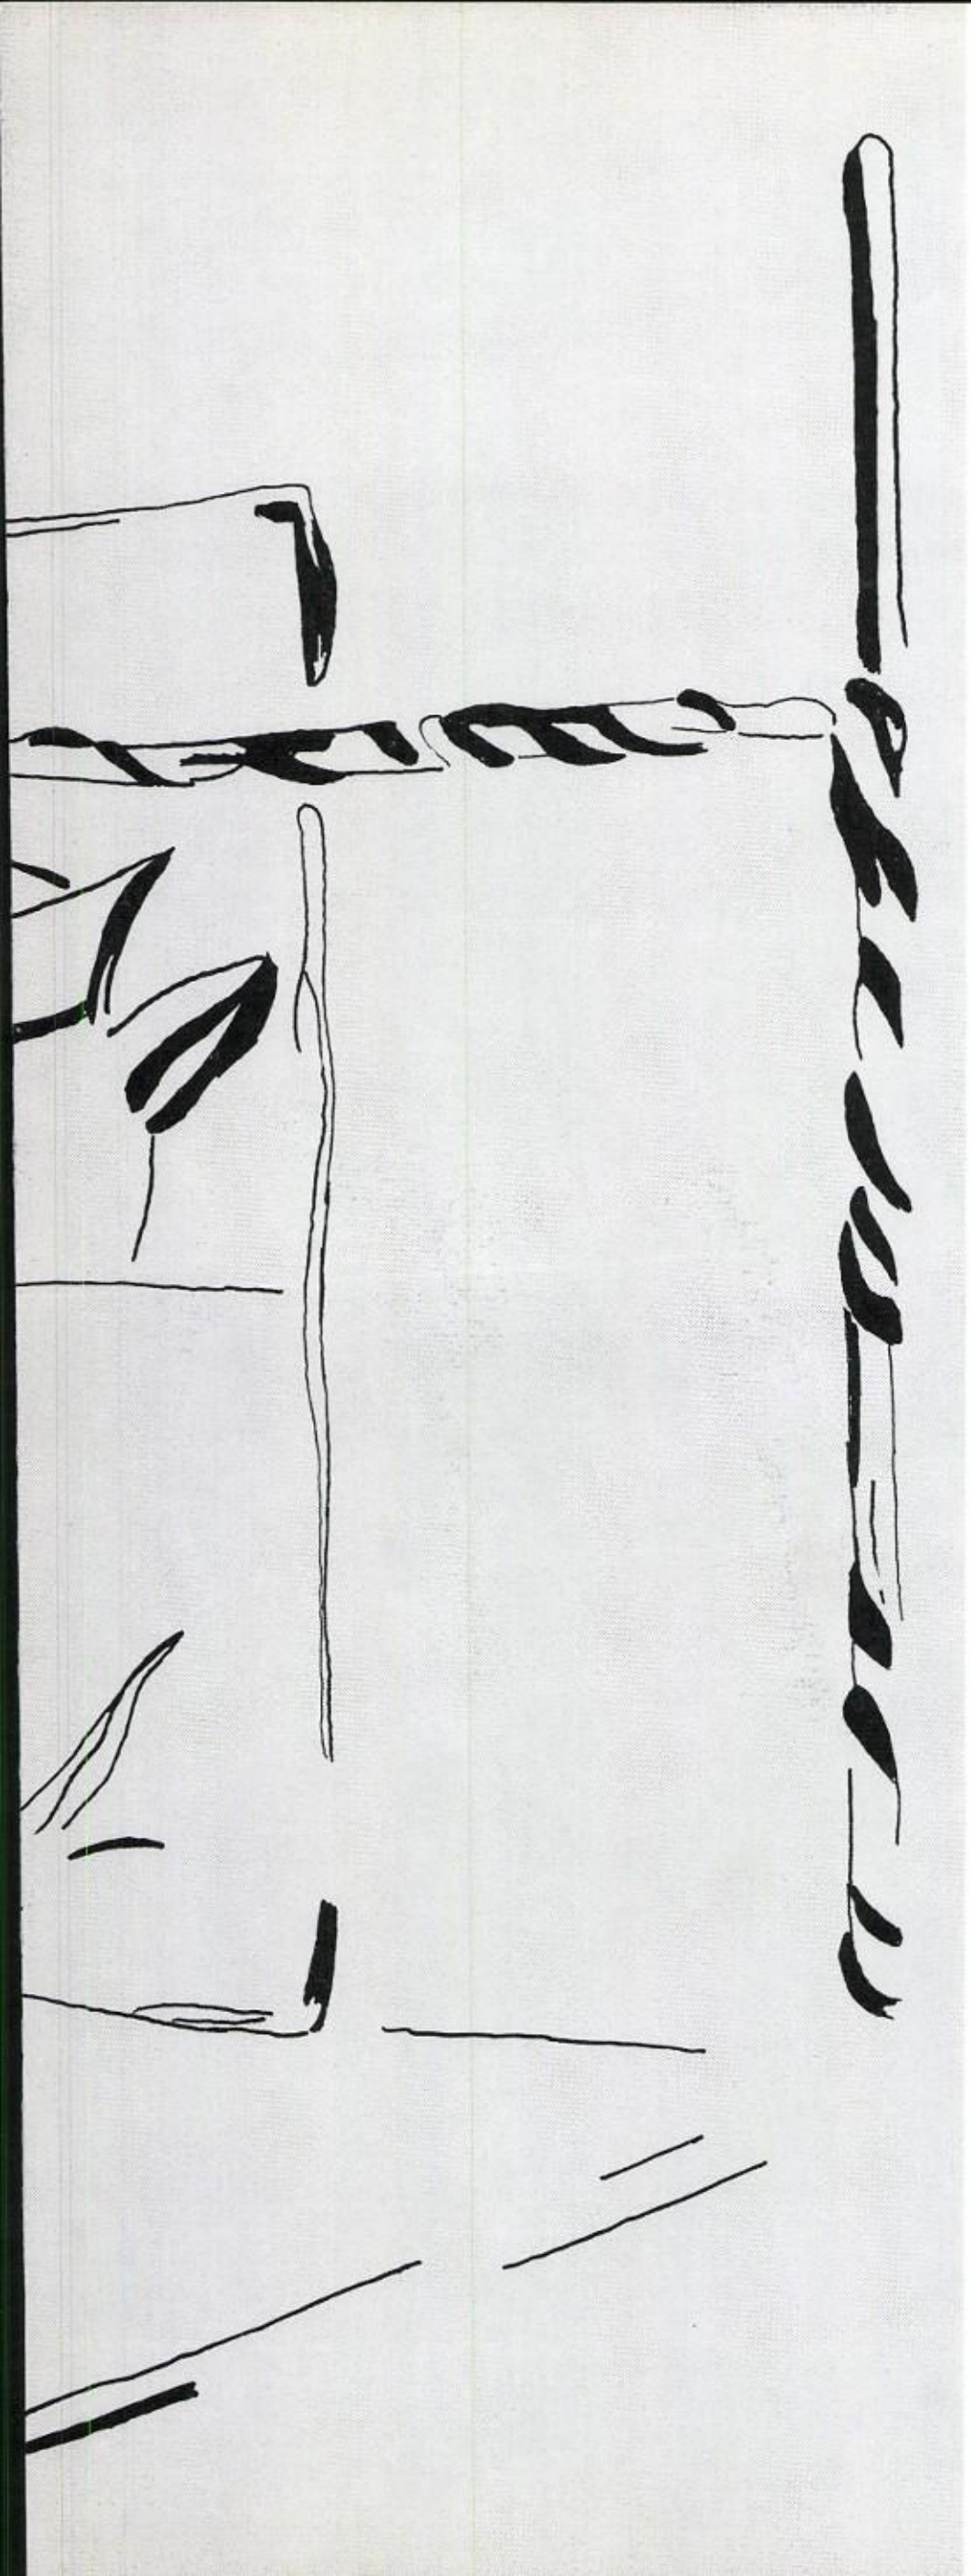
Block "M" is one of the most active clubs in school. It sponsors such things as the Punch Bowl, a Christmas toy drive, and Block "M" Week which is climaxed by a dance at which the Homecoming Queen is presented.

Advisor, Coach Brunolli supervising the Block "M" members during the annual Christmas Toy Drive.



As referee Coach Johnson looks on two contestants fight it out in preparing for the Twenty-third Annual Punch Bowl sponsored by the Block "M" Society.





ATHLETES

The social function of sports in the community is as important as its disciplinary role for those who participate on the playing field. Whether shivering in Memorial Stadium, packing into a steamy gym, or filling the bleachers around the swimming pool and baseball diamonds, the citizens of Madera come to participate in the spectator game. Young and old pack the stands to support the home team.

During the year, our athletic teams have won victories no one could have accomplished alone. These athletes can take pride in their collective efforts. The satisfaction in witnessing these players gain yardage, sink baskets, or pin their opponents has been no less rewarding to the spectators.

As the years pass, fighting teams will continue to carry the school forward to victory. Outstanding athletes will make those extra points and chop those seconds to produce a win, and the citizens of "our town" will continue their support.

Bill Tate evades Bullard tackler.

MADERA 0-BULLARD 7

The first league game for both teams was a defensive one. It was hard fought and neither team scored until late in the last period. First quarter: John Payne and Bill Tate carried the Coyotes from their own 45 to the Bullard 27 but the drive ended with a Madera fumble and a Bullard recovery. Second quarter: Early in the second quarter, the Coyotes fumbled on their own 29 and Bullard recovered. Bullard moved to the 18 but fumbled and Madera recovered halting their drive. Third quarter: Neither team was able to advance the ball and the score still read 0-0. Fourth quarter: This quarter began as the others with neither team going anywhere. Bullard was forced to punt with Madera taking over on their own 4. After a series of downs Madera punted to their 25 where Bullard drove to the only touchdown.

Final Score: Bullard 7, Madera 0.

Baker prepares to receive pass while Roosevelt men rush in.

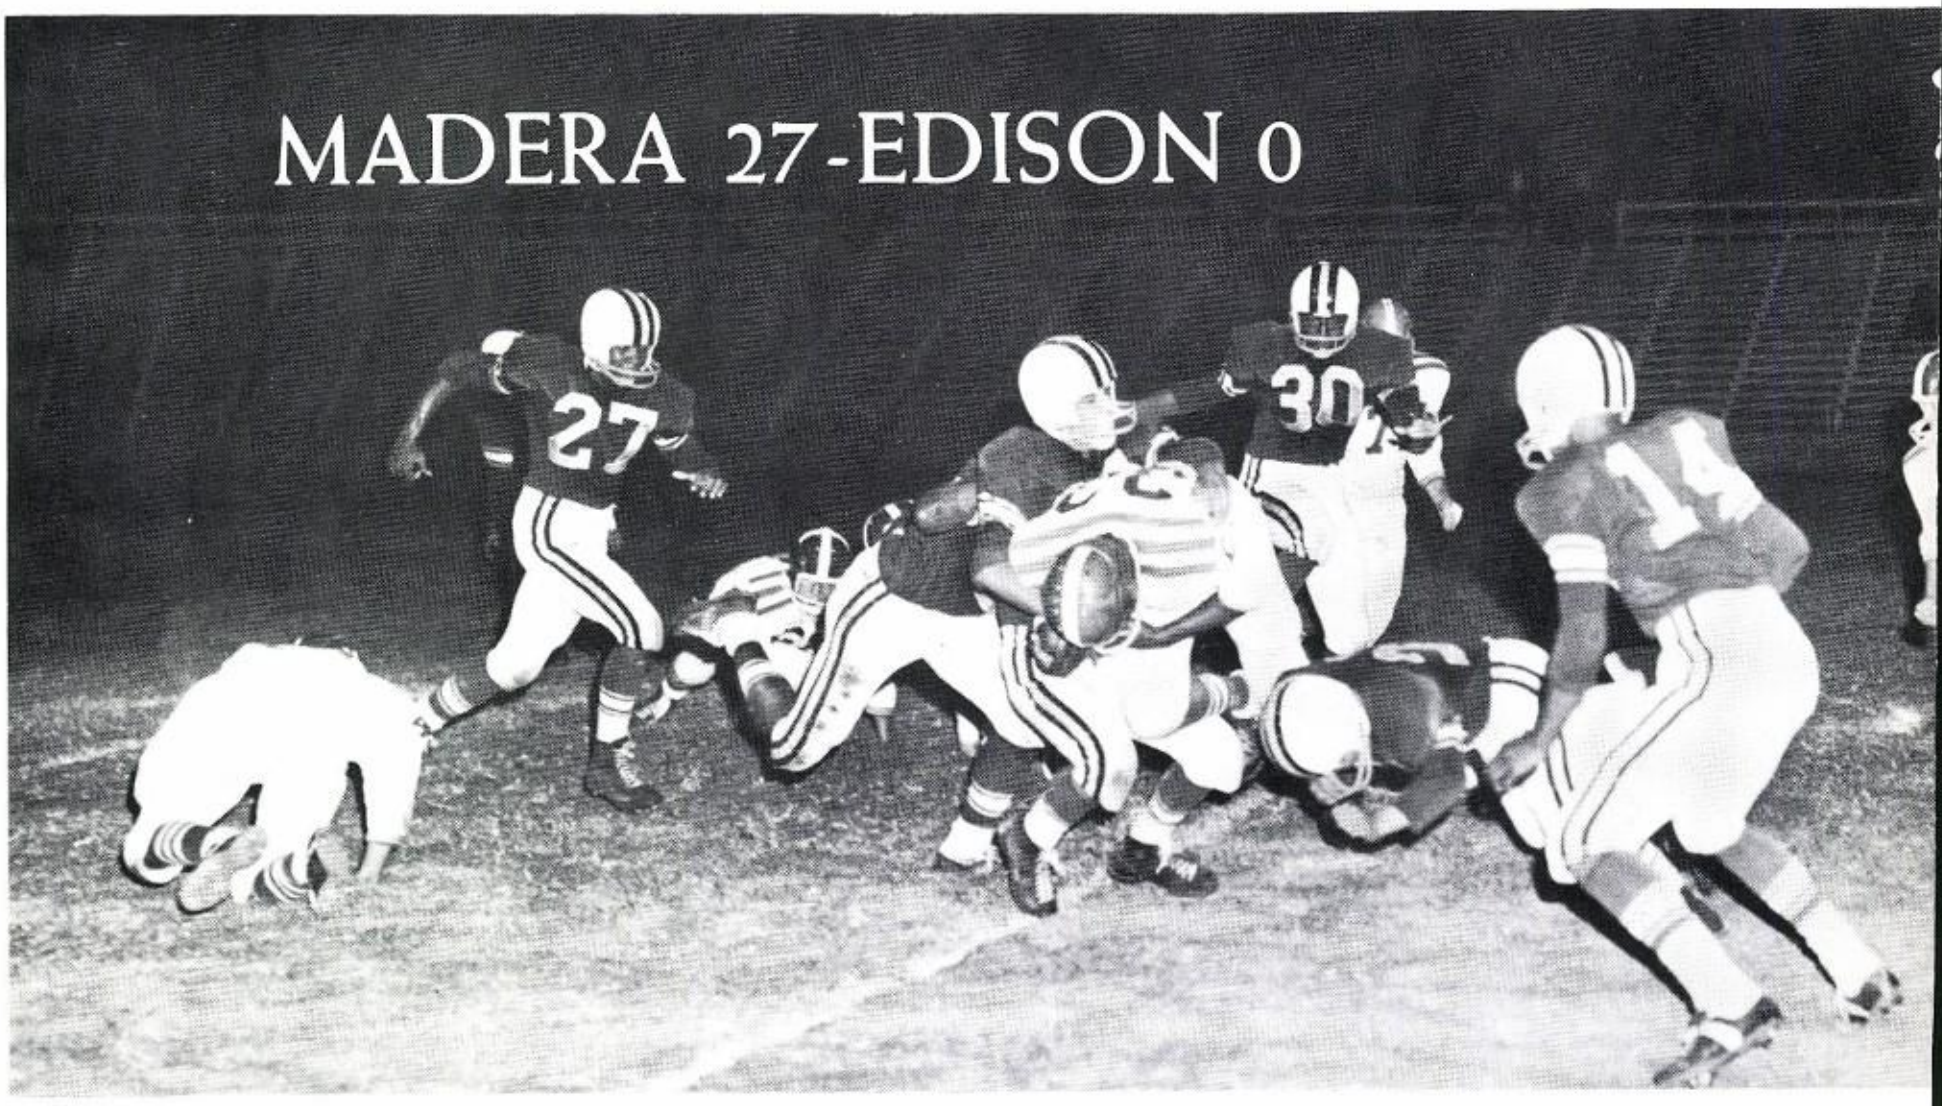
MADERA 13-ROOSEVELT 19

This was the most exciting game of the year. First quarter: Both teams played fired-up football with defense being featured. Neither team could score. Second quarter: This quarter started out much like the first but a Madera fumble deep in their own territory proved costly. Roosevelt recovered and went in to score. Third quarter: Madera took the kick-off and marched right back to score with a Don Zimmerman to John Payne 26-yard pass climaxing the drive. Fourth quarter: This proved to be the most exciting ever. Roosevelt took the kick-off and drove to their second touchdown. A fired-up Madera team scored again with a pass from Zimmerman to Marvin Lyons. In the last 42 seconds the Rough Riders ran the kick-off back 79 yards to make the final score Roosevelt 19 and Madera 13.

The traditional "Big Game" between Madera and Merced will long be remembered as one of the hardest played contests ever staged between these traditional rivals. First quarter: Madera punted out to the 35 where Merced took over. From there, they moved to the Coyote 4 where a determined Coyote front line stopped them from scoring. On the next set of plays, Madera fumbled in the end zone with Merced recovering for the touchdown. Score: First quarter: Merced 7, Madera 0. Second quarter: After an exchange of downs, Merced scored again making it 13-0 early in the second quarter. After the kick-off and an exchange of fumbles, the Coyotes started a drive from their own 35 to Merced's end zone with Emmert, Payne and Zimmerman leading the way. Score at half-time: Bears 13, Coyotes 6. Third quarter: After an exchange of punts, the Bears were forced to punt again but end Dave Williams roared in to smother the kicker and Madera took over on the Bear 37. John Payne finally took it over to make it 13-13. Fourth quarter: Taking Madera's kick-off, Merced drove from their 46 to Madera's 4 where they were again held for no score.

Final Score: Madera 13, Merced 13.

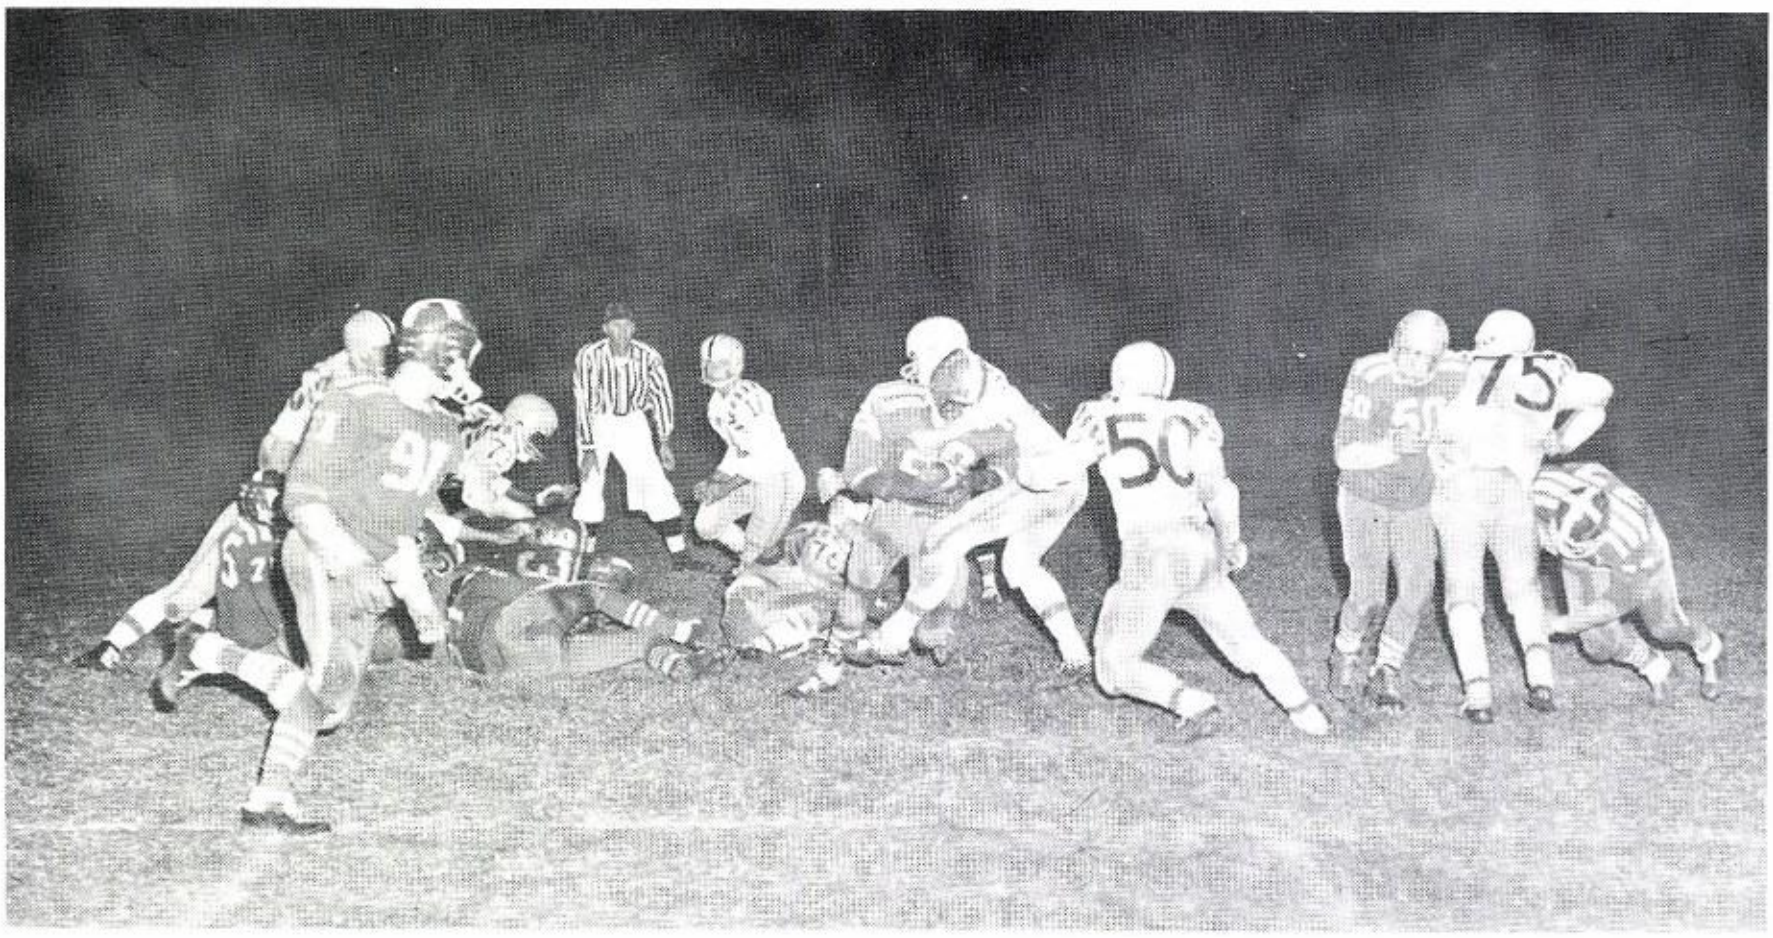
MADERA 27-EDISON 0



MADERA 13-MERCED 13

This was Madera's first league win of the year. First quarter: Neither team did any scoring with Edison's deepest penetration to the Madera 45, and Madera going to their 30. Second quarter: With 6:37 left in the half, Doc Emmert scored for Madera, making it 7-0. Picking up most of the yardage during the drive was Crump and Emmert. Midway in the second period, Dan Crump intercepted an Edison pass on the Coyote 37. Four plays later ending with a 25-yard pass to end Bob Peregoy for the touchdown making it 14-0 at the half. Third quarter: Again neither team could score. Fourth quarter: Early in the period, Edison was forced to punt from their own 10. But the Edison kicker was rushed hard and the ball was finally downed on the Edison 11. From there, Zimmerman took it in to make it 21-0. Late in the fourth, Zimmerman forced the Edison quarterback to fumble, with John Payne recovering and taking it in from 35 yards out, making it 27-0.

Final Score: 27-0.

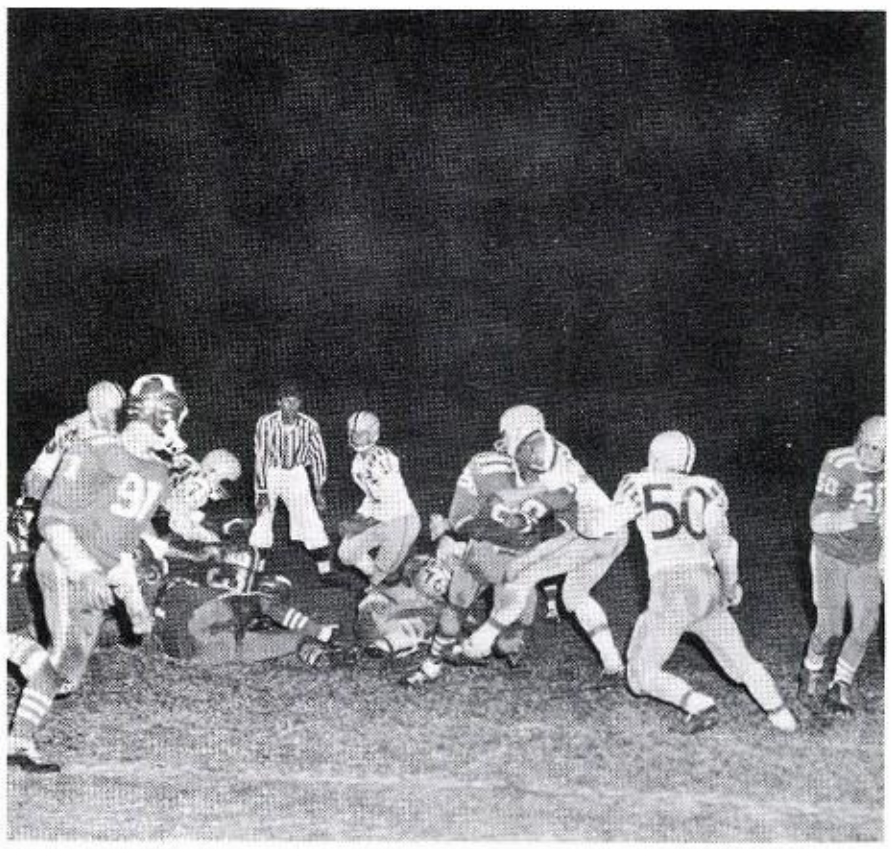


Crump stopped by Fresno man after short gain.

MADERA 21-FRESNO HIGH 32

This game was marked by plenty of scoring as well as excitement. First quarter: Fresno took the kick-off and marched right in to score. Madera took their kick-off and came right back with Tate going in to make it 7-7. Second quarter: Fresno took the Coyote's kick-off and went back upfield to score. But Madera was not to be denied. The Coyotes took the ensuing kick-off and marched 65 yards to score. Big play was John Payne's 45-yard sprint. Tate took it on in and made it 14-14. Third quarter: Neither team could break into the scoring column. Fourth quarter: Fresno scored early, making it 20-14. Recovering a Madera fumble, Fresno again scored, 26-14. Minutes later, John Payne tried to get Madera back into the game with a touchdown, making it 26-21. Later in the game, Fresno scored again, making it 32-21.

Final Score: 32-21.



Crump makes yardage.

This game saw the Coyotes play a lousy first half, but come back and dominate the second. First quarter: Neither team could score. This featured rugged line play by both teams. Second quarter: This quarter was again marked by the rugged lines of both teams. Hoover, late in the period, scored, making it 7-0. Third quarter: At the start of the second half, the Coyotes started a drive to score their first touchdown. The drive was highlighted by Elvin Edward's fumble recovery. Fourth quarter: With about five minutes left to play, the Coyotes scored again, climaxing a 57-yard drive. Standouts were Crump, Tate, Emmert, Aaldez, Price, Keeble and Aguire.

Final Score: Madera 14, Hoover 7.

MADERA 0-CLOVIS 20

This game was completely dominated by a strong, powerful Clovis team. First quarter: Neither team could score with Madera's deepest penetration going to the Clovis 37. Second quarter: Clovis started a drive and went on in to score. Madera took the kick-off and drove to the Clovis 40 before losing the ball on downs. Clovis took over and marched back to score again, making it 14-0 at the half. Third quarter: This quarter featured a rugged defense from both teams. Neither was able to score. Fourth quarter: Clovis was finally able to score again to finish out the scoring for the night, although Madera threatened with a drive going to the Clovis 37. Standouts were Price, Keeble, Houlding, Tate, Emmert and Crump.

Final Score: Clovis 20, Madera 0.

This was Madera's homecoming game but the Coyotes couldn't come up with a victory. First quarter: After taking a Madera punt on their own 35, McLane drove 65 yards to score. Score: McLane 7, Madera 0. Second quarter: Both teams fought bitterly in the line with McLane finally winning out and scoring, making it 13-0 at the half. Third quarter: The teams settled down and the entire second half was a defensive game. Neither team could score. Fourth quarter: This again was a defensive game with a highlight being Vernon Thomas's interception of a McLane pass and racing 65 yards to their 15. Madera couldn't put it over and it ended 13-0. Standouts were Price, Cappelluti, Lynch, Thomas, Payne, Keeble, Baker, and Houlding.

Final Score: McLane 13, Madera 0.

Our team had a combination of experience and ability. However, their hard work was offset by the many injuries that put some of our key players out of action. Despite replacements from the junior varsity, we lacked the power to put us on top.

Even in losing, the boys learned something by fighting back after having their backs to the wall. The boys' continued determination demonstrated their true sportsmanship.

"DOC" EMMERT

LARRY PRICE

BILL TATE

RON CAPPELLUTI—CAPTAIN. The "Captain" is the leader of the team. His fellow members look to him for leadership and examples to follow. Ron displayed these qualities throughout the entire year: and therefore, he was chosen Team Captain.

LARRY PRICE—MOST IMPROVED. Since Larry didn't play football last year, the varsity system was entirely new to him. But he soon learned and became our regular right linebacker. Larry was noted for his bone-jarring tackles, and his mere presence was a valuable asset to the Coyote team.

"DOC" EMMERT—MOST VALUABLE AND MOST INSPIRATIONAL. Doc played on practically every platoon the team had. He was a standout on defense and was noted for his offensive blocking. His teammates and coaches respected his qualities and bestowed these awards upon him.

JERRY HOULDING—SPORTSMANSHIP. Jerry played both offensive and defensive tackle. Under some of the most trying conditions. Jerry never failed to display that quality of sportsmanship that gained the respect of his fellow team members.

BILL TATE—MOST DEPENDABLE. The title "Most Dependable" is very broad in meaning. Bill was deservingly awarded this distinction. Most yards gained and a standout at defensive end were only two of his exceptional qualities that helped him earn this honor.

The cubs again were honored with a 10-game unbeaten season which extends their win streak to 21 straight games. For Coach Warner it was the sixth season his teams have been honored as league champions.

We, too, had our moments of glory, although we didn't have an unbeaten season. Our win over Clovis and two touchdowns against McLane were our shining moments.

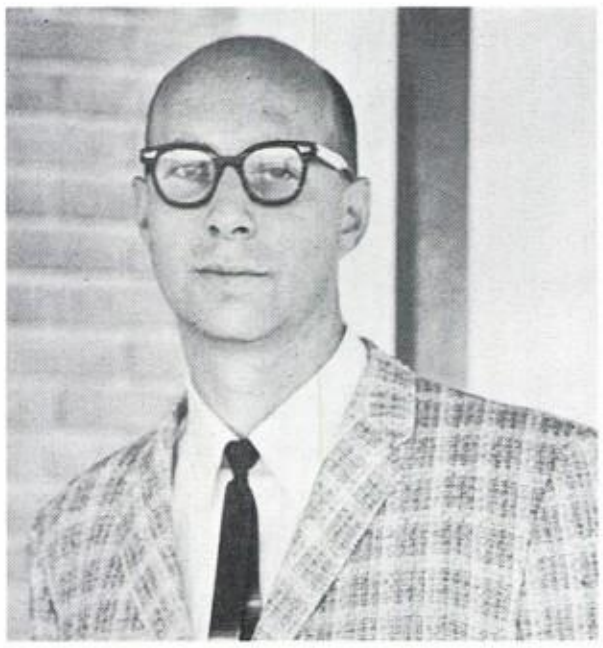
VARSITY BASKETBALL



Coach Lyons

Prospects were not too bright for the 1963-64 Madera Union High basketball team. Only three lettermen were returning and there seemed to be a decided lack of size. Nevertheless, the early season Coyotes displayed hustle and smoothness and stood 7-1 at vacation break, including the Championship of the Madera Invitational Tournament.

A midseason slump overtook the Coyotes, and for some time winning was very difficult. Finally, the team seemed to "jell," won 6 out of the final 8 games, and moved into second place the final night of the season with the conquest of Merced.

The Coyotes defeated all the other league teams at least once, except for undefeated McLane, which won by 1 point and 3 points. Madera fashioned a league record of 10-6 and stood 15-9 over-all.

The scoring was headed by Jon Morse (357 points) and Coy Elrod (272 points). The leading rebounders were Leroy Brown (234), and Bill Schwartz (185). John Mendrin provided the floor leadership and led the defense as the Coyotes moved through a successful season.

JV BASKETBALL

This year's Junior Varsity basketball team was short on height, but played hard in all their games. The JV's had few real scoring threats until midway through the season when Mike Minneti, Bruce Hawkins, Al Aguirre, and Milton Edwards came on to help Ken Aoki and Sonny Leyva.

Several of the games were exciting, but the highlight of the season was the 49-48 win over Bullard in the final seconds of the game.

Mike Minneti led in the scoring with 182 points, followed by Ken Aoki with 173 points. Ken led the rebound department (82 rebounds), followed by Mike Minneti (61 rebounds).

The Varsity grapplers had a very successful year. Early in the season they started off with a second place at the Samuel Ayer Tournament at Milpitas, losing to Cupertino by one point. Their next tournament was the Fresno State Invitational. There they swept the entire field, taking first with five championships. Next they represented Madera in the NYL Tournament, placing second. The season ended with the Section Tourney at which Madera placed first among schools from Chowchilla to Bakersfield. Along with this outstanding tournament record, the team gained second in the League with an 8-2 record.

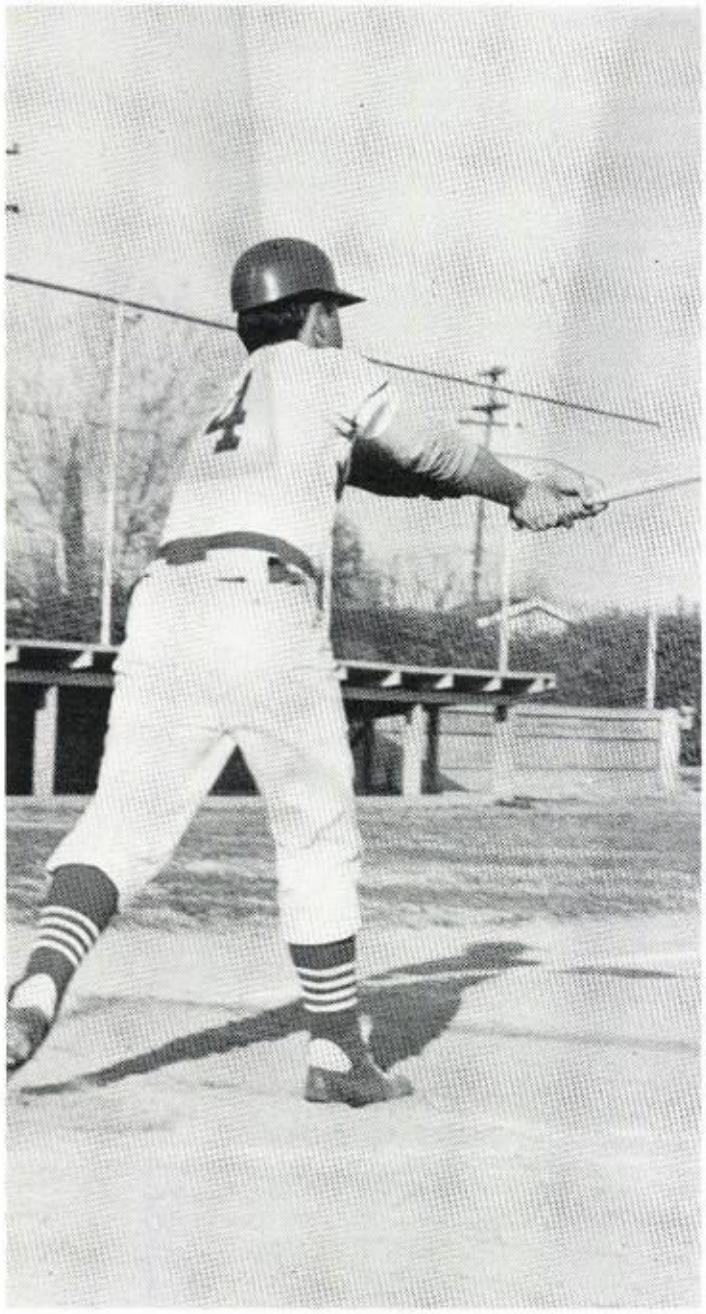
If you don't win the first one, you can't win them all; and if you don't lose the first one, you can't lose them all. That is where we stand now. We won our first league game.

Things are looking up this year for the Madera High baseball team. We have a young team; and though we may not win them all this year, we expect to win our share. With a little luck and a lot of hustle we could be a dark horse this season. However, from the experience gained this year, we can look forward to a promising season.

ROW 1: J. Schmitz, J. Mendrin, G. Toler, R. Goto, J. Kocoris, B. Hawkins, L. Melikian, J. Dias. ROW 2: D. McKinney, I. Gutierrez, J. Payne, C. Gragnani, C. Elrod, A. Aguirre, L. Cargill, D. Zimmerman, D. Melikian, T. McNally.



Returning lettermen Charlie Gragnani and Donnie Zimmerman, as well as Isi Gutierrez who moved up from the Junior Varsity, will be heavily counted on in the pitching department this year. Newcomer Don McKinney shows great promise of becoming one of the finest pitchers Madera High has ever seen since he has two more years of Varsity play.

We know that the combined efforts of these four pitchers along with the support of the field will mold a very fine season for the Madera High Varsity.

The popularity of the sport of golf among high school students is increasing more and more each year. When Madera Union High School first instigated a golf team seven years ago, no more than six boys showed any interest. Today more than thirty-five boys competed to make the team. A lot of credit for the growth of this sport goes to the Madera Golf and Country Club which has offered the use of its course to the team each year without charge. The members of the team wish to express their extreme gratitude to the club for this privilege. The sport itself greatly adds to the integrity of all who participate. High school golf provides an excellent beginning for weekend duffers or the would be professional.

Madera Union High School has one of its best teams this year. The Varsity squad is composed of a well-balanced team with Kirk McCarty at Backstroke, Robert McAlister in the Breaststroke, Willie Baker in the Butterfly, Bob Brosi and David Williams in the Freestyle, and Don McAllister and David Anderson in Diving.

The girls also are favored with a solid team with Marcella Flores in the Breaststroke and Butterfly, Chris Rynerson in Backstroke and Breaststroke, Jeanne Hatch in Freestyle and Butterfly and Individual Medley, and Patty Uhalde and Cheryl Helmuth in Diving.

The sure place winners in the B's are returning lettermen: Bob Simonian, Jim Johnson, and Dennis Rowe. The B's are bolstered by many good prospects from the freshman class and will not show their real strength until next year.

AFTERWORD

While putting together this annual the staff and we, the editors, have had tears, joy, anger, and laughter. It has been a very rewarding and memorable experience. It's hard to believe that our four years have come to a close, but they will never be forgotten.

"Our town," "our school," and "our friends" mean so very much to us, that we thought this would be a perfect theme for our book. We hope that we have depicted this throughout the book. First of all we would like to thank the Madera merchants and Madera citizens for their cooperation, because without them our annual would be impossible.

A special thanks to Mr. April and Dr. Robertson for their assistance in the production of this annual. We would like to thank Mr. Burke, Mrs. Thompson, Miss Patton, Miss Estes, Miss Dominici, and Mr. Pettit for the time we used from their classes. We would like to express our thanks to Mr. H. Clay Daulton for the use of his ranch for our photographs in the beginning of our book. Our most sincere thanks to the Fruit Basket for the poem they loaned us.

We would like to thank Mr. Ralph Howell and Mr. Dale Griffin for their diligent work on senior portraits. All the thanks in the world to faculty, administrators, and the board because of their time that they have given to the annual. Also a special thanks to Mr. Petrucci and the Agriculture Department for their help in the FFA section. We would like to thank Randy Miles for the Prom negatives. Mr. Trestrail deserves a great vote of thanks for all the work and time he has devoted by being our advisor. Junior Dominici also deserves a great vote of thanks for the many times he has called, come up, and helped us. We would like to thank Cerioni's and Duncan and Scheids for putting up with us on those few days which we were so down in the dumps at our jobs. An extra thanks to our parents and our grandmother's help, which without them we couldn't have possibly completed this annual and also to Terri Yocum who had many ideas to contribute.

We would like to express a special thanks to all the students of MUHS, who were the citizens of "Our Town."
